On 07-27-99, at approximately 1200 hours, I contacted witness Tyler Benjamin Pearce by phone, who is a Columbine High School student. This was in reference to the shooting that occurred on 04-20-99 at Columbine High School.

Tyler first said on 04-20-99, at approximately 0730 hours, he arrived at Columbine High School for his scheduled classes for that day. Tyler said his first class on 04-20-99 was a video productions class on the upper level of Columbine High School. Tyler said one of his classmates in this video productions class was Eric Harris. Tyler said on 04-20-99, Eric Harris was present in this class. Tyler said he could not remember anything unusual in the way Eric Harris acted or talked on 04-20-99 Tyler said Eric Harris "seemed normal" and said Eric Harris was on time for the beginning of this class as far as she could remember

Tyler Pearce said he went to his scheduled classes after the video production class on 04-20-99 until his lunch period began at approximately 1110 hours on 04-20-99. Tyler said when his lunch period time began on 04-20-99 he left Columbine High School for lunch. Tyler did not advise me of any suspicious people he could remember seeing upon leaving the school

Tyler Pearce said he has known Eric Harris since they were in the 7th grade. Tyler said Eric Harris "was a normal person" to the best of his knowledge. He said Eric Harris previously played on sports teams. Tyler said Eric Harris also dressed normal and said he did not believe that Eric Harris began wearing a trench coat until approximately two years prior to the shooting on 04-20-99. Tyler said thinking back, he remembered that Eric Harris "really loved" fireworks, and especially those that would explode.

Tyler Pearce said approximately one to two weeks prior to the shooting on 04-20-99, Eric Harris made a video in their video productions class with Dylan Klebold. Tyler described this video that Eric Harris and Dylan Klebold made as being "weird" and said it was animated. Tyler said this video was about graveyards and skulls. Tyler said the Trench Coat Mafia students would stay to themselves. He said he would see them gather in the cafeteria/commons area of Columbine High School either at a table on the west side of the cafeteria near the windows, or on a bench underneath the stairway that leads from the upper level of Columbine High School to the lower level and into the cafeteria/commons area. Tyler said that Brian Sargeant seemed to be friends with the Trench Coat Mafia students, and particularly with Dylan Klebold and Eric Harris. Tyler said he knew who Brian Sargeant was because Brian Sargeant got into a physical fight last year with Isaiah Shoels. Tyler said that Isaiah Shoels is a friend of his, and said that Isaiah Shoels won this fight, and said that may be the reason why Isaiah Shoels was shot in the library on 04-20-99. I asked Tyler Pearce about anybody racially harassing or racially intimidating Isaiah Shoels. Tyler said he never saw anybody do either one to Isaiah Shoels and said in fact, "Everybody loved Isaiah." Tyler said he did not ever witness any of the other minority students at Columbine High School be racially harassed or intimidated either Tyler said he never saw anybody harass the Trench Coat Mafia students, and said the reports that he has seen in the media of the Trench Coat Mafia students being harassed were false. Tyler said he did not see the "Trench Coat Mafia" students harass anybody either

I asked Tyler Pearce if he had any knowledge of anybody else being involved in the shooting incident on 04-20-99. Tyler said hat he knew Robyn Anderson was good friends of Eric Harris and Dylan Klebold, and said he could not see any way that

Robyn Anderson could have not known what was going on. He also said he knew Brooks Brown was friends with Dylan Klebold and Eric Harris, or were previously friends with him. Tyler said he does not know of anybody, nor has he heard any rumors of anybody that may be manufacturing explosive devices and/or possessing or selling firearms.

I asked Tyler Pearce how he and his family have been doing since the shooting on 04-20-99 at Columbine High School. Tyler advised me that he and his family have all been doing well. I gave Tyler my name and phone number and asked him to contact me in the future if anyone in his family wants to speak with a JCSO Victim Advocate. I told him I would make the necessary arrangements for them at that time.

INVESTIGATION:

On 5-3-99 between the hours of 0923 and 1015 I had an opportunity to speak with Stephanie Plank in reference to the Columbine High School incident that occurred on 4-20-99

Stephanie stated that she arrived at school around 0700 hours and proceeded to the student store, which is located at the "Rebel Corner" down near the cafeteria. She remained in that general area until about 0725 hours While in the Rebel Corner she stated she was seated at a table with a friend of hers by the name of James Helms. I provided Stephanie with a map of the cafeteria. Unfortunately, the seating diagram does not depict the tables located in the Rebel Corner, thus she was unable to give me an exact table location. Stephanie stated that after she left Rebel Corner she proceeded to class. She stated after her third period class, which is Arts of the World, taught by Miss Nelson, she left the school building at about 1010 hours for lunch with her friends, Kendra Fagler, 303-521-4913, and Lacy Veech, 303-979-3102.

The vehicle that they drove to lunch in was Kendra's vehicle. Stephanie stated that it was parked near Leawood Park. She stated they went to lunch in the Southwest Plaza area and they were not on campus when the incident occurred, and it wasn't until 1136 hours when they tried to return to school that they found out about the incident.

Stephanie was asked if she saw anything out of the ordinary when she left to go to lunch. Stephanie told me that at about 1020 hours she remembers they were driving north on Pierce and they observed Chris Morris in a small red compact car, which she described as a Probe. She stated Chris was driving out of the teacher's parking lot and described he was dressed in all black and had a green beret hat on and sunglasses.

Stephanie was asked if she knew any of the members of the Trench Coat Mafia. She stated in her freshman year she knew a few of the members, Tad Bowles and Chris Morris, but she stated she hasn't really paid much attention to the group and she really doesn't know much about them.

I asked Stephanie if she went to the prom and the after-prom party She stated her date was Ryan Wagenhuecht, 303-979-0746. Stephanie was asked if she saw Eric Harris or Dylan Klebold at the prom of the after-prom party. She stated she did not. Stephanie was also asked if she observed two large duffle type or sports bags in the cafeteria, one described as being blue and the other orangish-red. She advised me that she did not see those bags.

Stephanie could provide no additional information concerning this incident.

I asked Proctor if he knew either Dylan Klebold or Eric Harris. He stated that he had known both. Proctor stated that he knew Klebold since 5th or 6th grade and had become reacquainted with him during his sophomore year. He stated that he and Klebold played Doom over the Internet. He then clarified that it wasn't actually the Internet that it was actually a direct modem connection. I asked Proctor how often he saw or did things with Klebold. He stated that they got together every couple of weeks for midnight bowling. He stated that they played Doom sometimes as often as twice a week. Proctor stated that he did not want to play as often as Klebold did, as his skill level was not near as good as Klebold. He stated that Klebold would "kick my butt" and stated that both Klebold and Harris were "absolutely amazing" at playing the game.

I asked him about his relationship with Eric Harris. He stated that he had known Eric Harris since his sophomore year He stated that he played Doom with Harris via a direct modem connection, as well. He stated that he played with him only once a week He stated that he played primarily with them during his sophomore and junior year. He stated that Harris and Klebold had gotten better computers than his, during their senior year.

I asked Proctor when the last time was that he had spoken with Klebold. He stated that it was hard to tell, but possibly two to three weeks prior to the incident. I asked him if he recalled the conversation. He stated that it was not anything unusual, along the lines of "How ya doing? Okay." I asked Proctor if he had seen Klebold on the 20th and he stated he had not.

I asked Proctor when the last time was that he had spoken with Eric Harris. He stated that it was also about the same time, possibly a month prior to the incident. I asked him if he had seen Harris on the 20th and he stated he had not. I asked if he had seen either Klebold's or Harris' vehicles on the 20th. He stated he had not seen Klebold's "Beamer", but didn't know what Harris drove.

I asked Proctor if finding out that the incident involved Klebold and Harris surprised him and he stated it did. He stated that he initially heard that students were involved and heard generic descriptions, and initially wondered about Klebold and Harris, but then immediately dismissed it, knowing they wouldn't be involved in something like this.

I asked Proctor if he had heard Klebold or Harris talking about pipe bombs and he stated he had not. He stated earlier this year, Harris told him he had designed a Doom level that was Columbine High School. Proctor stated that he assumed that it was a terrorist attack on the school and that you acted as the SWAT team. I asked him if he had ever seen the game, and he stated he hadn't. I asked him if Harris told him who else he may have shown the game to and he stated he did not. Proctor stated that since the incident, he had spoken with another student, Scott Carpenter, who stated that he had also heard about the Doom game involving the school. Proctor stated that he and Carpenter were at more the same skill level, but he knew that Carpenter had played the Doom games with Harris and Klebold as well.

I asked him if he had ever heard Dylan Klebold or Eric Harris talk about guns. He stated he did not recall anything specifically, but they had probably talked about guns in the same sense as everyone else does, with passing comments. He stated there would have been nothing that stuck out reference guns or anything that seemed unusual.

I asked Proctor if there was anything else reference Klebold or Harris that he thought might be helpful. Proctor stated that since the incident, he has thought about them frequently and said that he has not seen anything in thinking about it that would have pointed to this incident occurring. I asked about other friends of Klebold and Harris who he thought may have played the game Proctor stated the only ones he was truly familiar with were Robyn Anderson and Patrick McDuffy

I asked Proctor if there was anything he had seen or heard prior to or since the incident that he thought might be of help. He stated there was not anything that he could think of. He then stated that a very coherent memory he has of Harris was playing another game similar to Doom, called Hexen. Proctor also described it as being a "3D shoot 'em up type of game." Proctor stated that Harris was a very nice guy over the phone and in person, but that during the game, he was "a sadistic prick." He stated that in the game there is some sort of a morph egg that turns you into a helpless little pig that runs away, but after Harris had turned Proctor into the pig, he also hit him with a fireball. He then, via the game, said "I smell bacon" after that. Harris called Proctor "bacon" for quite some time.

I asked Proctor if he had spoken with Robyn Anderson since the incident. Proctor stated that he was being hounded by a Time

photographer following the incident. He stated that he was the photo editor for the yearbook and somehow this individual found that out. He stated that he called Robyn Anderson a couple of days after the fact, having no idea that there was any connection between her and the guns. He stated that he left a message and she returned his call. He explained to her that he didn't want to talk to this individual, but gave Anderson the phone number in case she wanted to talk to him. He stated that he didn't talk to her after that. I asked Proctor if either she or Klebold or Harris ever said anything about going to gun shows and he stated they had not. I asked him if he was surprised when he heard that Robyn Anderson had helped purchase the guns and he stated he was extremely surprised. Proctor stated he had known Anderson since his freshman year and they had been close friends for a period of time. He stated that in his junior or senior year, they had drifted apart to some degree. I asked Proctor why he thought Anderson would buy the guns and he stated he didn't know He stated that Harris was incredibly smart and knew how to handle people and could probably convince her. He stated that Klebold was extremely smart as well, but was shy I asked what the relationship was between Klebold and Anderson. Proctor stated that they were good friends and that they hung around at each ther's houses and went bowling together, but that was as much as he knew.

I asked Proctor to call if he thought of any other details or things that might assist in the investigation and he agreed to do so

Narrative:

On 5-4-99 I spoke with Ray Rawls the father of Travis Rawls reference information of this lead indicating Eric and Dylan did not like Travis. I was told by Ray Rawls Travis was part of the group that coined the name "Trench Coat Mafia". Travis was the quarter back of the Columbine High School football team in 1997/1998. Ray told me Travis and some of the other "jocks" were in the cafeteria of Columbine in the fall of 1997 when a group of the individuals walked through the area wearing trench coats. At the time it was very warm outside and the majority of the students in the school were wearing shorts and "T" shirts, they thought this was weird and through talking about the group the term " Trench Coat Mafia" was coined. Mr. Rawls told me his son had graduated last year and is currently attending college at Western State. He said his son would be back in two weeks but did offer a telephone number for me to call.

I then called Travis Rawls. He was told I was following up a lead that Eric Harris and Dylan Klebold did not like him. He told me he never did anything directly to them to harass them but was part of a group of guys who coined the name "The Trench Coat Mafia". I asked him to tell me about this. He said he along with the other guys " jocks" were at their table in the cafeteria in the fall of 1997. It was about 90 degrees outside and everyone in school was wearing shorts except this group of guys wearing trench coats. When they wa l through the cafeteria his group began making comments like look at the trench coats, one person said they look like they are in the mafia, then someone said they are in the Trench Coat Mafia. He said he had made at least one of these comments but could not remember what he had said at that time. Since that date that was their identity. Travis told me after the term "TCM" was given to the group there was less harassment than before they had a name. It seemed they now had a name and enjoyed the identify He also told me he was the quarter back for the football team and that group did not like the "jocks". I asked him what he meant about "their table" he said every since the school was remolded there was a table next to the tall windows under the vaulted part of the cafeteria which all the jocks and their girlfriends sat. It was just their area which only jocks sat at. Travis told me he did have a class with Dylan in 1996 and knew Joe Stair but did not know the others in the group known as "TCM". Travis told me he would be back home next week for the summer and if we need additional information to call him at his fathers residence.

BRYANT: ...of questions.

SHULTZ: ...two quick questions.

BRYANT: Just one, two real quick questions.

REFFEL: Uh, hi.

BRYANT: Okay. It's four forty-two. We'll try to make this quick. We just got a couple of questions, John.

REFFEL: Will do (sic).

SHULTZ: Did...have you heard anything additional about what happened on Tuesday?

REFFEL: Uhm, I did hear from Jennifer that Pauline Colby (sic/sp) didn't (sic) in fact know about...that something was gonna go on. They were gonna get revenge or get back...

SHULTZ: M-huh.

REFFEL: ...at some of the students. Uhm...

BRYANT: An' that...

REFFEL: ...but...

BRYANT: ...was, is from Jennifer?

SHULTZ: And what did Jennifer tell ya?

REFFEL: She just said that Pauline Colby was in the hallway an' that, uh, she, she was saying sumpin' to her about it like, uh, like, ya know, I thought you got outta the Trench Coat and Pauline said yeah. Uhm, I, I think Pauline said sumpin' like well, they're gonna get back at everybody soon, or something like that.

BRYANT: Okay.

SHULTZ: Uhm, did you hear anyone identify who one of the shooters was?

REFFEL: When? I mean, during it or after...

BRYANT: No, afterwards.

REFFEL: ...it? Uhm, I, I assumed it was Dylan. I, I assumed off the bat 'cause he wasn't in class. Uhm, and then I heard...I, I...I can't really say off the top of my head who said it was Eric Harris, but I remember hearing the name Harris because somebody said this kid, uh, dropped out or sumpin', but. Then I

talked to Jen afterwards and h-...she said that Eric Harris didn't drop out...

BRYANT: Okay.

REFFEL: ...ya know...

BRYANT: Other than...

REFFEL: ...or...

BRYANT: ...Harris...

REFFEL: ...sumpin'.

BRYANT: ...or Dylan, do you remember any kids since then making statements that they saw someone else, an' then give a name? In other words...

REFFEL: Yeah.

BRYANT: Okay. Yeah, who was that?

REFFEL: Uhm, who was in the front office? Uhm, I think my friend Joey Malazzo (sic/sp).

BRYANT: Joey Malazzo?

REFFEL: Yeah. I don't, I don't know how his spell his last name.

BRYANT: That's okay...

REFFEL: Uhm...

BRYANT: ...I don't either. (LAUGH)

REFFEL: He, uh, he was in the school and, uh, he told me that he wo-...h-...he heard gunshots and fire. He was running, uhm, towards some of the west doors...towards the stairs by the library. Uhm, he saw, ya know, the glass breaking an' bullets flying throw...

BRYANT: Right.

REFFEL: ...the glass. Mr. (unintelligible) was comin' down the hallway. Uh, he said get outta here, ya know, and then the glass started to shatter an' bullets were flying...

BRYANT: Right.

REFFEL: ...they sprinted up the other, towards the office and I think he did...I think it was him that said he saw a kid in a white shirt throwing the...

BRYANT: Okay. Kid in white shirt, did...

REFFEL: And...

BRYANT: ...you get a name to that white shirt (sic)?

REFFEL: No...

BRYANT: Okay.

REFFEL: ...he said that...I think...uh, like, uh, like I said I'm I'm not sure if it's Joey that told me this, but somebody told me this...that the kid smiled right at Dylan when, when he was doing it.

SHULTZ: Okay. Do you have a...okay. Can you find out and, and let us know who...

REFFEL: Yeah.

SHULTZ: ...who'd (sic) told us...

REFFEL: Yeah, it coulda been him or someone else 'cause...

SHULTZ: Did anyone...

BRYANT: (Unintelligible)...

SHULTZ: ...put a name to the kid in the white shirt?

REFFEL: No, not that I know of. No.

SHULTZ: Any further description?

REFFEL: No. I don't know.

SHULTZ: Okay.

BRYANT: Is there anything else that we asked you...

REFFEL: Uhm...

BRYANT: ...the other day...

REFFEL: There's a kid named Nate that I think Jen's...

BRYANT: N-...

REFFEL: ...talked about or I've talked about before. Uhm, he was in one of her creative writing classes and when, when we were leaving the, like the, ya know, the vicinity, kinda like...

BRYANT: Uh-huh.

REFFEL: ...a-...in the Woodmar residence, he was driving off and, uh, we saw him. And I believe somebody from the backseat of the car...I didn't, I didn't exactly see who said it...they said that they overheard Nate saying, oh, my god, I can't believe they did it today.

BRYANT: Okay. I can't believe they did it today?

REFFEL: Yeah.

BRYANT: That was...they overheard Nate say that?

REFFEL: Yeah.

SHULTZ: Did you hear him say that?

REFFEL: I didn't hear him say that, no.

SHULTZ: And who told you they heard that?

REFFEL: Uhm, there was four girls in the back of the car. It coulda been Tara, uhm, Veronica, uhm, geez...some girl starts with the name L, starts with...

BRYANT: That's...

REFFEL: ...uhm...

BRYANT: ...okay.

REFFEL: And, uh, one more girl...Amy Evans (sic/sp) was in the car too.

BRYANT: Amy Evans?

REFFEL: Yeah.

BRYANT: Did Jennifer say that to you, or did?

REFFEL: Uhm, I think I overheard J-...Jen talking, uh, to Briana about it...

BRYANT: Okay.

REFFEL: ...earlier...

BRYANT: But did...

REFFEL: ...(unintelligible)...

BRYANT: ...any of these other girls said this too?

REFFEL: I, I, I think so, yeah.

REFFEL: I don't know.

SHULTZ: Okay.

BRYANT: Okay.

SHULTZ: Thank you, sir.

BRYANT: Thank you. That's pretty quick, huh?

SHULTZ: Thank you.

BRYANT: See. Look at (unintelligible)...

INVESTIGATION:

On 06-15-99, I was assigned Lead #4616 to interview Zachary Rissmiller, a Columbine High School student on 04-20-99, who was assigned "A" lunch.

On 06-15-99, at 0836 hours, I left a message with a female at the listed number for Rissmiller at the listed home phone number, 973-0821. At about 1610 hours, I received a return call from Rissmiller. I told Rissmiller that we were contacting Columbine High School students to find out where they were at on 04-20-99 and told him that I understood that he had "A" lunch. Rissmiller stated that he had actually been off campus and had been ditching school. He stated that his fourth period class was marketing with Ms. Fromer and that was the class he ditched in order to go to Taco Bell. Rissmiller stated that his third period class was Philosophy with Mr. Kreutzer. He stated that upon leaving the Philosophy class with another student, Dave Malone, he went through the Social Studies hall by the main offices and out through the upper commons down the outside cement stairs Rissmiller stated that he and Malone went to his car, parked in the senior lot in space #271. I asked Rissmiller if he noticed anything unusual as he exited the school and he stated he did not. I asked him if he had been in the cafeteria at any point during the day He stated he was not sure but believed that during first period, which is a video production class, he had gone to the cafeteria for a donut. I asked him if there was anything unusual in the school at that time. He stated there was not. I asked him if there were any unusual backpacks or duffle bags and he stated nothing other than the normal. Rissmiller stated that upon trying to return to the school, they found that police had the road blocked off. He stated that he thought it was an accident as there had

been an accident the previous day and the road had been blocked. Rissmiller stated they had gone around the back way, into Leawood Park, where they heard gunshots and ended up with numerous people piled inside of his car, taking them home I asked Rissmiller if he knew either Dylan Klebold or Eric Harris. He stated that he did. He stated that he had previously been interviewed by a Lakewood detective who told him [redacted]

I asked Rissmiller if it surprised him when he discovered that Klebold and Harris were involved and he stated it really did He stated that they both were really quiet and had been nice to him. I asked him if he knew either of their cars He stated that Klebold had a black BMW, which he had torn all the BMW emblems off of and had a giant Ramstein sticker on the back. I asked him about Harris and he stated that he thought Harris had a red car with a Ramstein sticker, but was not sure. I asked Rissmiller if he noticed either of their cars in the parking lot when he let. He stated that he didn't recall and wasn't sure. I asked him if he had seen either of them on 04-20-99. He stated that he had not. Rissmiller stated that he had both video and Philosophy classes with Eric Harris, but didn't seem him at either class.

I asked Rissmiller about conversations he may have with Klebold or Harris. He stated that they were both kind of weird, but didn't recall any specific I asked him if they had ever discussed pipe bombs with him and he stated they had not. He stated that they did talk about guns and that when they would do so, he would leave. Rissmiller described himself as "anti-gun" and stated that he frequently tries to leave when such a discussion is going as he frequently gets into arguments with people over guns I asked if there was anything specific that he remembered either of them saying about guns. He states it was generally just a debate over why you should or shouldn't be allowed to have guns. He stated that both Klebold and Harris indicated they had guns, but did not discuss them specifically

I asked Rissmiller if there was anyone that he could think of whom Klebold or Harris hung out with who might have had specific conversations with them. He stated that he believed Brooks Brown was about the only one.

INVESTIGATION:

On 05-24-99, I spoke with Bryant Rodemich reference lead #3543. This lead was to determine Bryant's whereabouts during 5th period as the records reflect he had this period free. During my telephone interview with Bryant on 05-24-99, he told me that he had left the school at approximately 11:10, after attending his 4th period class of Math. He said he walked from the classroom downstairs into the cafeteria and then exited the building. He then went to a vehicle owned by Mike Writz and they left the parking lot. Mike Writz drives a white Honda and parks in the junior lot. I asked Bryant at the time he went into the cafeteria, if he saw anything suspicious Bryant told me he did not. I specifically asked him if he saw a duffle bag anywhere in the cafeteria that seemed out of place and he said he did not recall anything. I asked him when he was in the parking lot if he had seen anyone suspicious and he said he had not. Bryant told me that he had left the school with three of his friends, Mike Writz, the owner of the white Honda, John Harrison, and Derek Johnson. He said he does believe that Mike and Derek did see two people walking toward the school in trench coats as they were leaving the parking lot, but in conversation with them, since the incident of 04-20-99, it is his understanding that Mike or Derek could not tell who these people were, only that they were two individuals dressed in black. I asked Bryant if there is any additional information that he could lend to this investigation. He told me at this time he could not think of anything, but if he did hear something of interest he would recontact me.

FBI CASE NUMBER:	174A-DN-57419
GOLDEN POLICE NUMBER:	99-1362
REPORT DATE:	05/27/99
DETECTIVES:	Jon Watson

Background:
Tamara RUMER, a CHS teacher who lives in Sedalia, Telephone (303) 688-0214, advised that a CHS student, Brooks BROWN, at TCM associate, hung out with a bunch of TCM members at a house in Sedalia.

Lead:
Interview Tamara RUMER re: her knowledge of Brooks BROWN. ID location/resident of house in Sedalia where TCM members and BROWN allegedly hung out.

Disposition:

SUBJECT: Tamara RUMER
Attendance Office
Columbine High School

RUMER said she has known Brooks BROWN at Columbine High School since he was a sophomore. She said when she first met him, he was going with a girl who was a student assistant in the Attendance Office, and she said she was a little upset with him about what was going on in the attendance office. She did not elaborate, but the implication was that BROWN and his then girlfriend were "making out".

RUMER recalls that about two months prior to the incident, BROWN came up to her and made the comment "I know where you live" and "I've seen you riding your horse". She said it unnerved her, because "nobody knows where I live". She resides in Sedalia; lot number 99 on the attached map.

She said she has seen BROWN at a residence in Sedalia, which she identified to me on a telephone book map of her development as being lot number 83. The residents at that location, as listed in the telephone book, are Ronald and Jerri EDLUND. The address is 6846 Cherokee Drive; telephone 303-688-6582.

RUMER describes the specific person which BROWN visited as an "older" male, who was employed at Blackjack Pizza as a delivery driver. She did not know anything about EDLUND's.

RUMER said the encounter has caused her to feel uneasy about BROWN. A check of RAPID START reveals no record of anyone named EDLUND; nor is there any record of any other leads involving Sedalia. A check of DMV records reveals the following persons and vehicles at the listed address; 6846 Cherokee Drive, Sedalia.

INVESTIGATION:

On 6-22-99, between the hours of 0845 and 0850, I had an opportunity to speak with Ariel Salazar in reference to the Columbine incident that occurred on 4-20-99. Through the use of school records, we had identified Ariel as having lunch period "A" and I was calling to see if he was on campus when the incident occurred.

Upon contacting Ariel, he told me that he left school at about 1120 with his friends, Josh Hampshire, and Robbie Shorten. Ariel explained that they exited from the school using the main entrance, walked through the teacher's parking lot, and into Clement Park, where they got into Josh's car. The three went to Wendy's, located at Belleview and Wadsworth, for lunch. I asked Ariel if he observed anything out of the ordinary when he was leaving school that day. He told me that once they got to Josh's car, which was in Clement Park, he does recall that they heard gunshots and they saw some students running from the school, but they had no idea what was occurring. Between the hours of 1130 and 1135, Ariel stated that they tried to return to school, but they were stopped by emergency personnel.

I confirmed with Ariel that he did not observe any gunmen, nor did he have any additional information to provide reference this incident.

While at home he saw what was happening at CHS, immediately grabbed his bullet proof vest and went back to the school. Upon his arrival he contacted Dep. T. Flowers, gave Flowers his vest and began assisting with traffic direction at W. Polk and S. Pierce. While at that post he did hear shots and explosions from the school but it was hard to tell exactly who was doing the shooting and exactly where it was coming from. While directing traffic an unknown female student approached him and said that she saw [redacted] in the school shooting some people then [redacted] left out the back doors.

Saltzman said that he did know both Harris and Klebold but never spoke with them.

FBI CASE NUMBER:	174A-DN-57419
GOLDEN POLICE NUMBER:	99-1362
REPORT DATE:	05/18/99
DETECTIVES:	Jon Watson

Background:
Dannette MUSELMAN's best friend's boyfriend, Ryan SHWAYDER, reportedly contacted a trench coat mafia individual carrying a large duffel bag into school. "Reportedly" was told not to be in the school in the afternoon. This info was second hand from her friend, Deanna Shaffer.

Lead:
Interview Ryan SHWAYDER (student - junior)
- about anyone carrying large duffel bag into school;
- about the comment "don't be in school this afternoon".

Disposition:

SUBJECT: Ryan SHWAYDER
DOB: 08-30-82
6920 W. Princeton Ave.
Denver, CO 80235
(303) 984-0066

SHWAYDER was interviewed at his residence at 10:30 AM on May 18, 1999. Present during the interview was Susan SHWAYDER, his mother. SHWAYDER was at Columbine High School on April 20, 1999. During fourth hour he was in a language arts class, located in the area of the building south of the main entrance. He described the room as, "sort of in the middle" of the building.

Upon leaving the classroom at 11:10, when the bell rang, SHWAYDER went to the area by the cafeteria known as the "commons", where he met up with his girlfriend, Deanna SHAFFER, who is a freshman. She was inside the building. Just outside that area, they met with Matthew HOUCK, also a freshman; who was going with them to lunch. The three went to SHWAYDER's car, a silver Jeep Grand Cherokee that was parked in the far corner of the "south lot". SHWAYDER believes his assigned parking space is number 197.

SHWAYDER recalled that it took about a minute or two to get out of class, meet up with his friends, and go to the car.

They departed the parking lot, and drove south on Pierce Street enroute to the McDonalds restaurant located on Coal Mine Road, just east of Pierce. SHWAYDER did not recall seeing Brooks BROWN during this time.

SHWAYDER believes there was music playing in the jeep as they were leaving the school, because he said he usually has music on in the car when he is driving. He said he thought they were talking as well, so the music was probably turned down. He believed the windows were up.

SHWAYDER recalled that SHAFFER was in the passenger seat in the front, and HOUCK was in the back seat. He was not sure if HOUCK was sitting directly behind SHAFFER, on the passenger side of the car, or if he was sitting in the center of the back seat.

When they got to the McDonalds, there was no line, perhaps one car ahead of them in the drive up line. They got their food, and drove back out onto Coal Mine Road. Before they turned onto Pierce Street, an ambulance passed them. They turned north onto Pierce, and drove as far as Walker Avenue, where there was an ambulance and a fire truck blocking the street. They turned onto Walker Avenue, and went into the neighborhood west of Pierce.

Walker Avenue curves around toward the south: when it bends to the right and continues westbound the name changes to Hoover Avenue. There is a stop sign on Hoover Avenue at Peakview Avenue. They stopped behind several other cars, and SHWAYDER saw Brooks BROWN standing in the middle of Hoover Street.

SHWAYDER took me to the neighborhood and showed me where they discovered BROWN. He said BROWN's eyes were "really wide open" and that he "looked scared or confused". SHWAYDER started to roll his window down to call BROWN to come over to the Jeep, when BROWN saw them, and ran over to the Jeep. BROWN put his green backpack into the rear of the Jeep, which SHWAYDER referred to as the "trunk", but which is actually an open area behind the back seat. BROWN then got into the left rear passenger seat of the Jeep.

BROWN directed SHWAYDER to turn right on to Peakview Avenue, and directed him through the neighborhood to a cul-de-sac on the south side of Clement Park where they were able to see Columbine High School. BROWN got out of the car, and tried to see if he could see anything.

SHWAYDER wasn't sure, but believes it was about then that BROWN told them about the shooting. In any event, he said this occurred within a minute or two after they picked up BROWN.

BROWN was described as talking fast. SHWAYDER said, "you could tell from the way he was talking and acting, something was really wrong". BROWN told them that he thought he heard shots after he left the school, and that he thought HARRIS was involved. BROWN described that he was outside, and HARRIS walked by him and told him to leave. Then BROWN said, "Oh, man. I think he had a duffel bag with him". SHWAYDER recalls BROWN did not say he had seen HARRIS with a gun, but said he heard something that sounded like gun shots.

BROWN did not tell SHWAYDER where he was when he heard the shots. SHWAYDER recalls that BROWN told them that his (BROWN's) parents had told police about HARRIS.

According to SHWAYDER, BROWN used SHWAYDER's cellular telephone to call his father, then to call the sheriff's office. SHWAYDER thinks BROWN called directory assistance to get a number for the SO, and said he thought the operator then connected BROWN with the Arvada Police Department. BROWN was advising authorities that he believed HARRIS was involved in the shooting.

SHWAYDER does not recall BROWN saying anything about Dylan KLEBOLD during that time. SHWAYDER said KLEBOLD was enrolled in his 3rd hour video class; but KLEBOLD was not in the class that day. SHWAYDER had no other classes with KLEBOLD, and had no classes with HARRIS. In retrospect, SHWAYDER said he thought they might have even passed KLEBOLD as they were leaving the parking lot at the school, but when I asked him if this was because of timing or if he had actually seen KLEBOLD, SHWAYDER confirmed it was because of the timing of events. I asked if he had seen HARRIS, and he said he had not.

Following the stop at the south end of Clement Park, they drove back into the neighborhood a bit, to be away from possible bullets, which was where BROWN's father met them. By that time the battery on the cell phone was beginning to run down, so SHWAYDER let BROWN sit in the driver's seat of the Jeep, so he could talk to the SO; since the battery cord was not long enough to reach to the back seat.

After BROWN's father arrived, they followed him to BROWN's house. Since he was already in the driver's seat, BROWN drove SHWAYDER's vehicle, and SHWAYDER sat in the back seat.

SHWAYDER does not recall discussing KLEBOLD with BROWN until the next day. He said they were talking about it over coffee, and based on the fact that the second suspect was described as having longer blond hair, they thought it must be KLEBOLD, since he matched the description, and was known as HARRIS' friend.

Before we departed SHWAYDER's residence to go to the neighborhood where he picked up BROWN, Mrs. SHWAYDER commented that BROWN's backpack was still in SHWAYDER's Jeep. I asked Mrs. SHWAYDER if I could have the backpack, and provided her with a receipt for it, written on a page from my notebook. SHWAYDER and his mother took me to the car, where the backpack was removed from the back of the Jeep. It was a green Crownsport backpack with one broken shoulder strap buckle. The pack was open when it was given to me, and I observed that it contained papers and books.

Mrs. SHWAYDER told me that BROWN had previously left some books and other items in SHWAYDER's Jeep, and that she had put some of these things into his pack. Otherwise, it was the same as when he left it in the Jeep. Other items of BROWN's property that had been in the Jeep prior to April 20th were left in the Jeep.

Subsequently I booked the backpack into the evidence facility at the Jefferson County Sheriff's Department, under JCSD case number 99-7625, with property identification number 10252. A copy of the property form is included with this report. The backpack was sealed into a plastic bag with my initials and the case number.

INVESTIGATION:

On May 13, 1999, I was assigned information control number DN3326, for follow up investigation. The information control narrative stated that source indicates that Gifford Seawright was with him in the cafeteria during fourth period.

On 5/13/99, I contacted Carrie Seawright by telephone to set up an interview with Gifford Seawright. She

informed me that several days after the incident at Columbine High School, Gifford Seawright went to be with his father in California for the summer. She provided me with a home address and phone number for Gifford Seawright.

On 5//17/99, I spoke with Gifford Seawright, Sr, and Jr, by telephone. I explained to them the status of the investigation and the need for an interview with Gifford; and explained that this could be done over the telephone.

Gifford Seawright, Jr, stated that he had been driven to school by his sister, and that she had dropped him off at the main office and that he arrived at school at approximately 8:35 hours. He says that he has first hour off, and he entered the school through the main entrance by the offices. Then he went to his second hour jewelry class ich is located by the gymnasium and taught by Ms. Neilson. He said that he then went to his third hour weights class which is located in the gymnasium and from his weights class he went to his fourth hour math class, which is in the upper level, taught by Ms. Diammana. He said that he then left his fourth hour math class and went to the "A" lunch. He said that he was let out early and arrived in the lunchroom at approximately 11:10am. He said that he went to the far west corner by the faculty lounge entrance and met his friends, Robbie Wisher, Nat Owens, Chris Wisher, and Jake Abodacca. He said that he and Robbie Wisher decided to go to McDonald's and walked back to the commons, up the stairs and out the main entrance, and then drove to McDonald's at Pierce and Coalmine. They ordered their lunch through the drive-through and then drove back to school. When they arrived back at school, the roads were road-blocked by fire trucks and police officers. Then they went through the neighborhood and ended up parking near Leawood Park. He said that when they arrived, they got out of the car, went into the park and spoke with several students who were enmassed at the park, and asked what had happened. Seawright said that he did not hear any explosions or gunshots, and had no information about possible suspects.

Seawright estimated that he left with Robbie Wisher at approximately 11:15am . Seawright said that he was a Freshman and that he did not know Eric Harris or Dylan Klebold, although he would have recognized Dylan Klebold if he saw him in the school now that he knows who he is. He also had never heard of the trench coat mafia and never had any problems with anyone in the group. Seawright does have Internet access but has not accessed any of the trench coat mafia sites. He could provide no further information on possible suspects, and could add nothing to the investigation.

On 05-05-99 at 9:00 A.M. Detective Terry Demmel, who is assigned with the Columbine Law Enforcement Task Force, interviewed Columbine Sr. student John Selander DOB 09-19-80 by phone. John reported that on the evening of Monday the 19th that he had stayed untill 11:00 P.M. working on a school project in the Tech Lab which is located in the middle of the school on the main floor. John stated that his father Paul Selander, whom is a Denver Police Sgt. in the Anti-Fencing Unit, arrived at the school that evening about 7:30 P.M. and stayed approximately a half an hour. His brother Michael DOB 11-10-81, who is a Columbine Jr, stayed with John untill about 10:00 P.M.

John reported that a female janitor who was apprximately 35 yrs old, 5'4" and 175 pounds came into the Tech Lab a little before 11:00 asking if he was almost done because they had to lock up at 11:00. John called his father at home who advised John to just go out the door and make sure it was locked and that they hoped that would not trip the alarm.

John the went to his 1979 Green Ford pick-up that was parked in the west student parking lot and went home. He did not notice any other vehicle's in the lot and reports that there were none around or near his pick-up.

The following day on Tues. the 20th John went home for lunch and when he returned he found that the shooting had taken place and the area cordoned off.

John stated to Det. Demmel that he did know who Eric Harris and Dylan Klebold were but that he had not talked with either of them for a long time and that they certainly were not friends of his. John played football and is an athelete.

INVESTIGATION

On 081799 I telephonically interviewed Paul Selchert, a student at Columbine High School. Selchert told me that he was at school on April 20th, 1999, but was not at the school at the time of the shooting. He said that he left the campus and ditched. He left at 1115 hours and did not return until 1140 hours. He was supposed to be in Mr. Moore's math class. He and a friend, whom he did not know the name of went to the friend's house and watched television. He said his friend's house was two minutes away from the school.

When he came back to the school he saw students outside and in a panic. This is when he learned there had been a shooting. He waited at Leawood Park for two hours and then went to Leawood Elementary where his dad picked him up.

Selchert did not know Harris or Klebold, but had seen them on the school campus. He did not know any members of the Trench Coat Mafia and denied being a member himself.

Selchert did not see anything but he thought he may have heard bombs.

He said that he was in the cafeteria on the morning of the 20th, but recalls seeing nothing unusual.

SUBJECT: Deanna M. SHAFFER
DOB: 10/20/83
6222 S. Ames Ct.
Littleton, CO 80123
(303) 797-6538

SHAFFER was interviewed at her residence at 10:00 AM on May 19, 1999. Present during the interview were her parents, Lanna and Jeffrey SHAFFER.

SHAFFER was at Columbine High School on April 20, 1999. During fourth hour she was in Jewelry class, located in the general area of the main office. Following the bell at 11:10 AM, SHAFFER left the class, and walked past the area of her locker to the stairs; which she took down to the Commons. There she met with Ryan SHWAYDER, and they went outside through the vestibule by the school store. Outside they met up with Matthew HOUCK, who was waiting for them.

The three walked across the parking lot to SHWAYDER's Jeep, which was parked in space number 197, at the far south west end of the senior parking lot.

SHAFFER sat in the right front seat of the Jeep. She recalls that HOUCK sat in the back seat; she believes in the middle. She does not recall that the windows of the Jeep were open, and believed that there was music playing, but said they were talking, and did not have to shout to be heard over the music. She said they did not hear or see anything unusual as they were leaving the school.

SHAFFER thought it took them 5 or 10 minutes to get from class to SHWAYDER's Jeep, and a few minutes to get out of the parking lot, due to other traffic that was leaving at the same time.

They drove out of the parking lot and went south on Pierce Street, to the McDonalds restaurant on Coal Mine Avenue, just east of Pierce. SHAFFER does not recall seeing or hearing anything

unusual or out of the ordinary during the time they were leaving the school, or driving away on Pierce Street. She does not recall seeing Brooks BROWN during that time.

SHAFFER believes that McDonalds was "as busy as usual" at lunchtime. She stated that there were several cars ahead of them in the drive through line, so it took "a while" to get through the line; but according to SHAFFER, "I'm impatient", so it might have seemed longer to her than it actually was.

After they got their lunch at McDonalds, they drove back toward the school. When they got to the traffic light at the bottom of the hill (Walker Avenue), there was an ambulance in the street, so they turned left into the neighborhood to try to get around what SHAFFER thought was a traffic accident in the roadway, because according to SHAFFER they were running a little late getting back.

SHAFFER recalls it was by a stop sign in the neighborhood that they found Brooks BROWN, who was walking in the opposite direction to that of the Jeep.

SHAFFER describes BROWN as normally "kind of mellow", and said, "things don't get to him". She said, "he doesn't over react". SHAFFER knows BROWN casually. She met him through SHWAYDER, who is BROWN's friend, and she has been with SHWAYDER on occasion when he has taken BROWN home after school.

That day, however, SHAFFER states "his face was really, really white ". They pulled over to see where he was walking, and picked him up. SHAFFER describes BROWN, saying "he was shaking", and said at first they were unable to understand what he was saying because he was not making any sense. He was "talking in fragments". Her description suggests BROWN was very upset.

SHAFFER recalls BROWN eventually told them that there had been a shooting at the school, but said he didn't elaborate. SHAFFER initially thought that it was something involving one person shooting another person, but a short time later, after seeing three helicopters overhead, she came to the realization that this was more serious than that.

SHAFFER recalls that they pulled over in a cul-de-sac, but did not know exactly where they were. It was during this time that she saw the helicopters.

SHAFFER believes HOUCK was the first one in the group to use SHWAYDER's cellular telephone to call his father. She recalls that BROWN used the phone to call the Sheriff's

Department. He was outside the Jeep, sitting on the curb while he was talking to them. She said she was also outside the Jeep, "pacing".

SHAFFER's recollection is that BROWN only said that Eric HARRIS was involved in the incident. She doesn't remember BROWN saying anything about Dylan KLEBOLD being involved. She recalls that at some point when BROWN was talking to police, he was giving a description of HARRIS' blue Toyota. She also described KLEBOLD's car, and said their cars had "Ramstine" (phonetic) stickers. She said KLEBOLD parked his car in the area near the doors by the school store.

BROWN told them he was going to "the smokers pit", when he saw HARRIS. He said HARRIS told him that he liked him, and for BROWN to get out of there. BROWN told them that if HARRIS tells you to do something, you do it. SHAFFER said, "because he's psycho", but clarified that was her description not BROWN's. SHAFFER does not know where the smoking pit is located, but thought it was somewhere up the path from the door out of the cafeteria by the teachers' lounge.

SHAFFER recalled that during the times they were using the cell phone, the car radio was turned off or down because otherwise it was hard to hear the phone. She does not recall that BROWN called his father from the cell phone; however, BROWN's father came to their location. He wanted BROWN to get into the car with him; however, BROWN was on the phone to the Sheriff's Department at that time, sitting in the driver's seat of SHWAYDER's Jeep, so they followed Mr. BROWN to the BROWN residence.

SHAFFER said BROWN did not talk on the phone during the entire trip because the cigarette lighter adapter for the cell phone was broken and it kept slipping out of the phone. It had to be held in place to get the phone to work properly, and since BROWN was driving, he was not able to keep it in.

SHAFFER recalled that BROWN was upset because he did not know where his brother was, and when they got to BROWN's residence, he was relieved to find his brother there. She does not remember where BROWN's house is located, but said it was somewhere in the general area where they were.

Mrs. SHAFFER told investigators that about 11:35 or 11:40 she got a call from SHAFFER's friend DANETTE (LNU), who needed a ride. Mrs. SHAFFER picked up DANETTE (LNU), and brought her back to the SHAFFER reference before going back out to look for her daughter. Between 11:35 and 11:40, SHAFFER called the residence and spoke to DANETTE. Later, after

they got to BROWN's residence, SHAFFER called the residence again. This was some time after 12:00.

Raven told me that Scott was not at Columbine High School during the shootings which occurred on 04-20-99. She told me that on that day, Scott was in the city of Denver, playing basketball with two friends. She told me that Scott did not find out about the shootings until later that day.

Ms. Donahue informed me that Scott was currently out of town on an extended camping trip with his father. She said that she did not know when he would be returning. She then provided me with the phone number 303-948-5987, and said that I might be able to obtain additional information from Levi Yazzie, one of Scott's friends. Ryan lives with his girlfriend, Stefanie ANGERSINGER at her residence. His parents are Katherine and Edmond KINNEY who live on South Webster Street in Littleton.

He has assigned parking next to KLEBOLD and HARRIS. They drive a black BMW and a black Honda. He recalled that both were at school on the previous Monday, April 19, 1999. Neither of the defendant's vehicles was at school when he and Stefanie arrived between 0800 and 0810 hours.

When he got to school he went immediately to the band room for concert band. He went into the cafeteria at about 0945 hours and sat by the vending machines. When shown a diagram of the commons, he pointed to table FFF as the one he sat at. He did not see anything suspicious such as someone carrying in large duffel bags or the duffel bags lying around the cafeteria floor. He and Stephanie left for lunch off campus at 1025 hours as per usual. They go home for lunch. They were running late as they returned from the one half-hour lunch period. They were returning at about 1150 or 1155 to the school when they were stopped and not allowed back into the school

Ryan stated that he had a Video Production class with DYLAN KLEBOLD. He considered himself friends with the two defendants. He talked briefly about the video class when KLEBOLD did a simulation of blowing up the school with computer graphics. He did not think that their videos were inappropriate and the media had exaggerated their significance. He did not have any of the videos in his possession.

Ryan claimed that he was aware that the defendants made pipe bombs one and one half years ago. He has been to ERIC HARRIS and [redacted] residence in the past. He feels that [redacted] knew about what was going to happen, although he could not give any reasons why he felt that way. He did not have any clue that the incident was going to happen.

He stated that he is having a difficult time because he was a friend of the defendants and bowled and drank with the two.

Ryan could not remember what he was wearing on April 20th. He does use the Internet and his screen name is RYST 52469. He does not pay any attention to the daily announcements as he is in band during that period. He also was not aware of the "thought for the day". He does not know anyone with a double pierced eyebrow.

Other friends of the defendants who may not have been contacted yet are CHRISTY EPLING, JASON THOMPSON and ALYSSA SECHLER.

No other significant information was gleamed from the interview.

INVESTIGATION:

On 6-16-99, between the hours of 1520 and 1530, I had an opportunity to speak with Hilary Snyder in reference to the Columbine incident that occurred on 4-20-99. Through the use of school records, we have identified Hilary as having lunch period "A" and I was contacting her to see if she was on campus when this incident occurred.

Hilary explained that she arrived at school on 4-20-99, between the hours of 0710 and 0715 and had attended her first hour Spanish class taught by Ms. Brug. I asked Hilary how she entered into the high school that morning. She stated that she parked her vehicle in the junior parking lot and walked in the south doors of the cafeteria and proceeded to her routine classes. I asked if she observed anything out of the ordinary while out in the junior parking lot or right after she entered into the school cafeteria. I specifically asked her if she observed anyone bringing two large duffle bags into the cafeteria, one being blue in color and the other one being an orangish/red color. She could provide no information about the duffle bags, telling me that she never saw them. After Hilary attended her routine classes throughout the day, she told me that she left the school at about 1115 hours, after being released from her fourth hour chemistry class taught by Ms. Miller.

Hilary accompanied her friends, Mary Grass, Karen Henry, and Ann Ayala out of the high school, telling me that they again exited from the south doors of the cafeteria, walked out into the senior parking lot and got in Mary Glass' car. After leaving the high school they went to Southwest Plaza for lunch.

Hilary was asked if she observed anything out of the ordinary when she exited from the school or out in the senior parking lot. She stated she did not see anything out of the ordinary. I asked if she had ever observed any gunmen or heard any gunshots or explosions while at school. She stated she did not.

At the completion of my initial interview, I asked Hilary if she had any additional information to pass on. She did tell me that the black BMW vehicle which belonged to one of the suspects in this shooting, who she believed was Harris' car, was parked in Mary Glass' parking space. I asked how she knew that. She stated from the account of the news media, they had identified his car being in Mary's parking space. Hilary also proceeded to tell me that two of her friends told her that they saw [redacted] in the high school on the incident date. She told me that her friends were Rachel Danford, home telephone number (303) 904-2529, and Janel Phiebolt, telephone number unknown. Both the individuals told her that they observed [redacted] down near the choir room and he was described as wearing a tie dye shirt. Rachel had also told Hilary that she later saw [redacted] own at the Columbine public library after the incident.

At the completion of my interview, I again verified that Hilary did not observe any gunmen while at the high school, nor did she hear any gunshots or explosions.

On 05-12-99, between the hours of 1101 and 1215 I had an opportunity to speak with Trevor in reference to the incident that occurred at Columbine High School on 04-20-99. Also present at the interview was his mother, Doreen.

Trevor started the interview by telling me that he had seen Eric Harris on Monday, 04-19-99, at about 0720 hours. Trevor told me they were in the main hallway at school near the west end when the two of them had bumped into each other. Trevor stated it was on pure accident that he bumped into Eric, telling me that he wasn't paying attention, he had turned around to say hi to a friend and he accidentally walked into Eric. The two got into a verbal argument about who should be watching out where they were walking. Trevor described Eric as being dressed as he always is, was wearing a black trench coat, black boots. about mid-

calf, had his pants tucked in the boots, and Eric was alone at the time. Trevor told me that the reason he recalls this and is telling me about it, is after the two separated, and as he started to walk away from Eric Harris, he remembers Eric telling him to have a good day tomorrow, which would have been 04-20-99. Trevor was asked if he saw Eric Harris again on Monday the 19th. He told me after he was released from his fourth hour class he recalls seeing Eric Harris and Dylan Klebold at about 1115 hours, and they were walking on the sidewalk out near the senior parking lot. He stated Eric had smirked at him as they made eye contact and he remembers Eric and Dylan walked to the football sheds, just west of the school and he doesn't know where they went from there.

Trevor arrived at school on 04-20-99 at about 0715 hours and his first hour Humanities class is taught by Ms. Judy Kelly. After Humanities, he has a second hour government economics, which is taught by Mr. Tony Tonelli. After second period class, he has third hour German, which is taught down in the foreign language halls, which is near the cafeteria area and is taught by Ms. Amy Burnett. I showed Trevor a map of the cafeteria and asked if he observed anyone down in the cafeteria while he was passing to his German class, carrying in two large duffle bags or sports bags, one being blue in color, and another being an orangish red color. He did not recall seeing those two items. After he was released from his German class, he went upstairs to his fourth hour math class, which is taught by Ms. Lori McMullen.

At 1110 hours, he was released from his fourth period math class and stated he walked downstairs into the cafeteria and exited through the south doors at about 1118 hours, where he proceeded to his car which was parked in the senior parking lot in space number 77. He described his car as being a gray Mazda four-door displaying Colorado passenger plate GAP606. After reaching his vehicle, he stated he drove out of the parking and proceeded home since he has fifth period off. He told me after he left school between 1123 and 1124 hours he saw emergency vehicles and they appeared to be heading Columbine High School. Trevor was asked if he observed anything out of the ordinary after he exited the senior parking lot, or if he saw Dylan Klebold or Eric Harris day. He told me he did not see the two and he did not see anything which would lead him to believe something was wrong.

Trevor was asked if he had any additional information reference this incident. He did tell me on the 20th, as he was leaving the senior parking lot, he recalled seeing a black BMW, which was in the junior parking lot and was attempting to drive into the

senior lot. He stated he has seen this black BMW before, and proceeded to tell me he has seen Eric Harris driving this car in the past. He also told me he has talked with friends of his who told him the BMW actually belongs to Dylan Klebold and Dylan has let Eric drive it in the past. He could not tell me who was driving the vehicle and he did not pay particular attention to the vehicle after he passed it in the lot.

Trevor was asked if he knew any associates of the Trench Coat Mafia. He told me he believed Chris Morris was involved in the group and an individual by the name of Brian Sargent. Trevor was asked if he had heard any rumors of anything was going to occur on the 20th. He told me 04-20 was some type of a marijuana or pot smoking day. I asked Trevor if he went to Prom and The After Prom party at Columbine High School, he told me he did attend. I asked him if he ever saw Eric Harris or Dylan Klebold there. He stated he does not recall seeing the two individuals. I asked Trevor if he had any additional information which could be helpful. He told me he had left prior to the incident and he didn't have any additional information.

Aaron has mental problems and was in jail during the time at Columbine and is not enrolled at school at this time He did not know anyone involved just liked to dress in the gothic look.

His sister Emily K. Stewart dob/08/10/83 was in the lunch room at about 11 25 on the 20th, was told to get down, heard shots and ran down back hall into the auditorium and onto the stage into the band room and out of the building onto the soccer field. This took about ten mins. She said she did not see anything. She though their was about 10 to 15 people in the TCM The only name she knew was Frank Zirger

On 05/03/99 Aaron Stewart was contacted at the Jefferson County Jail.

Aaron Stewart advised TCM was a group of outcast students The individual membership did not like school and did not like the jocks. The individuals felt the jocks were getting all the recognition in school. The individual members would hang around together, drink beer and smoke marijuana. One of the meeting places they would always use was a tunnel under Peirce Street

Aaron Stewart stated he never became a member of the group although they tried to get him to join. Aaron stated he knew the individual that started the TCM but could not remember his name Aaron described him as being 5'11" to 6'0" tall, always wore a black hat and worked at Black Jack Pizza. The individual graduated from Columbine High School in 1997

Aaron Stewart advised Erik Harris had mentioned on previous occasions that he was going to get even with the Jocks and make the high school famous.

Aaron Stewart was unsure of the names of the members of TCM but thought their was approximately 15 members

Aaron Stewart has been in custody at Jefferson County Jail since 03/11/99 He claims he has no knowledge of the incident or who could be involved.

Aaron Stewart, 18 yr old, is in our jail. Hung out with Trenchcoat members from yesterday before he was arrested and incarcerated. Mr. Lee does not want the media to get a hold of this. He stated that Aaron's mother has a restraining order against him. Mr. Lee thought you might want to see who's been visiting him in the jail, and maybe he could be of some help to you. You can contact Mr. Lee, just not the mother.

-witness James Stewart's sister, not present at school when shooting began, interviewed about any knowledge of Trench Coat Mafia.

INVESTIGATION:

On April 21, 1999 after interviewing James Stewart at his home, I talked with Laura about this case. Laura told me the following:

* She was off campus when the shooting started. She was just getting back to school when the incident was on-going.

* When asked if she knew Eric Harris, she said that she did not know him personally but does know of him. She did not know if he was part of the trench coat students.

* When asked if she knew Dylan Klebold, she said she knows him by face and name. Dylan was in her French class last year. She said Dylan and another student named Zach Heckler got kicked out of that

JC-001-007214

class all the time. They were disruptive. She said that Dylan was an obvious trench coat wearer.

* When asked if she knew a [redacted] she said the only [redacted] she knew of like that was a [redacted] (possible last name) who was part of the trench coats who committed suicide a year ago.

* She did not know a [redacted] nor anyone associated with a white Bronco.

* She did talk to the Denver Post but did not have any other media contact.

* She added that she thought the suspects were shooting at Leawood Park because of all the commotion she saw in that area as she was arriving in the area of the school.

This concluded my interview with Laura Stewart.

that after his fourth hour English class, which is taught by Mr. Samson, he was released at about 1115 hours and that he went off campus for lunch. Brian told me that he went to lunch with Chris Clary and they went to New York Bagels, located on Bowles, just east of Wadsworth. I asked Brian when he left for lunch which exit he used. He told me that he used the Rebel Corner and proceeded out into the senior parking lot, where they took Chris' car to lunch. Again, I asked Brian if he observed anything out of the ordinary when he was out in the senior parking lot. He stated there was nothing occurring which would lead him to believe anything was wrong.

Steven Sumida advised me on 04-20-99, he did not attend any of his classes at Columbine High School, due to the fact that "Christ told me not to go to school that day." Steven advised he was not sick on that day and Christ was the only reason why he stayed home on 04-20-99.

Steven Sumida advised me that prior to the shooting at Columbine High School on 04-20-99, he had never heard of the Trench Coat Mafia or the Trench Coat Mafia students. Steven Sumida said that he plays football, wrestling and lacrosse at Columbine High School, however, he has never been picked on or harassed by anyone that may have been a Trench Coat Mafia student Steven Sumida advised that he had heard of "jocks" picking on and/or harassing members of the Trench Coat Mafia, however, he has not personally witnessed any of this.

I asked Steven Sumida if he had seen anyone in the hallways or in Columbine High School that he may believe was a Trench Coat Mafia student. Steven Sumida said that he had noticed a few students who may have been Trench Coat Mafia students and .ie identified by their method of dress only. He said that he had never talked to any of them nor have they talked to him.

Steven Sumida said since the shooting on 04-20-99 at Columbine High School, he has been doing fine dealing with the incident. 1120 and 1125 hours that they actually left the school parking lot and they drove to Chatfield and Kipling, where Joshua had to pickup newspapers for his paper route. After picking up the newspaper, the three of them then proceeded to Joshua's house where they ate lunch. Joshua explained that it wasn't until they arrived at his home that they started to hear sirens. At about 1150 hours, they attempted to return to school, but were stopped by emergency personnel.

Joshua also provided the additional information, telling me that on the morning of 4-20-99, he attended a bowling league at Belleview Lanes, which is located on South Federal Boulevard and West Belleview Avenue and he arrived at about 0615 hours and left at about 0735 hours. I asked Joshua if he saw Eric Harris or Dylan Klebold at bowling class that morning He told me he knew they did participate in the league, but he didn't recall seeing them there that morning He told me he arrived at Columbine High School for his regular scheduled classes at 0820 hours. Joshua entered the school through Rebel corner and proceeded up to the main level of the school, where he attended his normal classes. Joshua told me that he did not observe anything out of the ordinary the morning of April 20th which would lead him to believe anything was wrong.

At the completion of this interview, I confirmed that Joshua did not see any gunmen prior to leaving the school, he was not present during the incident, and he did not hear any gunshots or explosions.

Anne told me that she walked down into the commons area of the cafeteria and walked out the south doors, also known as Rebel Corner. She went to lunch with her friends, Lindsey Neam, Alana Knudsen and Jennifer Davis

The four of them walked out of the school, went out into the junior parking lot where they got into to Lindsey's car and went to the Burger King located at Pierce and Ottawa.

I asked Anne if she observed anything out of the ordinary. She stated that it was just a normal day at school. She never observed anything out of the ordinary and had no idea anything was going to happen. At this point, I verified that Anne did not observe any gunmen nor did she hear any gunshots or explosions. I also verified that Anne had no additional information reference this incident.

TAYLOR, S

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 5/19/99

On 5/13/99, Spencer Taylor, DOB 8/28/81, 6225 West Coal Mine Place, Littleton, Colorado, was advised of the identities of the interviewing Agent and Detective, and the nature and purpose of the interview. He was interviewed in the presence of his Mother, Tina Taylor, DOB 12/1/57. He provided the following information.

On 4/20/99, Spencer arrived at the Columbine High School at approximately 7:10 a.m., and went to the commons. He sat with Spencer Grange, Daniel Grange, Aaron Wright, and Spencer Wright. They sat there until their first classes started at approximately 7:30 a.m. Spencer didn't see any duffel bags or packages that looked out of the ordinary to him. His last class prior to first period lunch was chemistry class. He departed from this class, walked down to the commons, and exited the south side of the cafeteria. He walked in the cafeteria lot, placed his backpack in his truck, and then walked to the Mormon Seminary house on the corner of Pierce and Polk. He did not see anyone or any activity that caught his attention while in the parking lot. He went into the house, and just as he was sitting down, several students ran into the house yelling that there was a shooting at the school. He remained there for several hours, and later departed with friends after the incident.

Spencer has seen Klebold and Harris around, but didn't really know them. He has also seen other Trench Coat Mafia students around, but didn't really know or associate with them. He noted that when he was a freshman, the TCM members wore their trench coats more often than they did in the past year. He stated that he thinks that the TCM is just basically a group of outcasts. They dress differently than most other students, and don't participate in school activities such as football games. He didn't believe that they were violent or prone to violence. He does know a girl named Alejandra Marsh that does hang out with the TCM, but he doesn't think that this girl is actually one of the TCM. He said that she was a bit odd, but that she was very intelligent. He has had classes with her on and off during the course of the past few school years. She actually asked Spencer to the sweetheart dance in 1998, however he declined. He again said that he doesn't spend time with Alejandra, but only sees her around school, in the halls, or in an occasional class.

Narrative:

On 5-13-99 Inv. Craig Schoshke, Assistant Principle Chris Mikesell and I interviewed Andrew Thomas. Andrew was contacted as his name was brought up in an interview with Eric Veik in lead 3314. He reportedly took part of the conversation were Eric discussed bring in a device into the school to prove a point that it could be done.

At the beginning of the conversation I asked Andrew if he was aware of why we had asked him into the office. He told me he thought it would be reference the conversation he and Eric had about security at the school. He said everyone he talked to was paranoid. He said they discussed how it would be easy to bring a back pack of stuff into the school but he said no one would really do what Eric Harris and Dylan Klebold had done. He went on to say he was "pissed" about not being able to go to school at Columbine and all he had to do to go to school at Chatfield. I asked who he was "pissed" at and he told me Dylan and Eric. He said he thought the use of parents guarding the doors was silly and would feel better if there were police there who would look into back packs.

I asked Andrew to tell me who all was in the conversation and he said Eric Veik and Adam Dressel. He said afte .ey talked about what the security concerns were they began discussing what could be brought into the school in a back pack. He had said why not some empty PVC pipe and just dump it out on the table. This would show everyone how inadequate the security was. He said they talked for a while but could not really remember all that was said because he did not mean to do anything or believe anyone else would do something like this. I asked him if he remembered anything about gasoline. He said Eric had said something about it but could not remember what he said. I asked him if fifty five gallons was discussed and he said not that he could remember. It was more like one to five gallons. He said at least that is what he thought they would be talking about. We then discussed if anyone spoke on how to build a device or a fake device and how to bring it in to the school. He said he did not. He said he was only partially involved in the conversation and quickly lost interest. He said he never gave the discussion a second thought and now thought it was a stupid conversation. He was asked if thought any one involved in the conversation would attempt to carry out what they spoke about and he said no it was just talk.

After speaking with Andrew he was allowed to discuss in status as a student of the school with Assistant Principle Chris Mikesell.

After speaking with all individuals involved in conversation with Eric Veik I believe these conversations were inappropriate and where not intended to be acted on. Lead closed.

On 4-29-99 I contacted Thurmon who told me that he is acquainted with both Harris and Klebold because they are both in his bowling class. Thurmon said that he is an athlete (wrestler) and has had problems with Harris and Klebold in the past particularly on incident last school year where Harris wanted to fight Thurmon in the parking lot of the school. The fight never occurred because friends of Thurmons soon arrived. Thurmon also told me that he was the originator of the term "Trenchcoat Mafia" and explained that during the last school year (his junior year) he would see a group of seniors always wearing trenchcoats or dusters and made a comment, "What's with the trenchcoats? re you guys trenchcoat mafia or something?" The term stuck with the group. Thurmon did not think that either Harris or Klebold were involved in the group at that time. Thurmon concluded by saying that Harris almost never wore his trenchcoat at school while Klebold almost always wore his.

Thurmon could offer nothing else.

OBSERVATION/INVESTIGATION:

On 043099 I contacted Dustin and his father at home by phone and asked if I could speak to them regarding some information I had received, both agreed to speak to me.

I asked Dustin if he had been in any of either Dylan or Eric's classes this year or in the past. Dustin stated that he had had some classes in the past with them but couldn't remember what they were; However, this year he had only been in a bowling class that both of them were in together. I asked Dustin if he had ever had an argument with either of the boys and Dustin replied that he had not but that Brian Sargent had an argument with Eric about the jocks. Dustin then stated that last year he had made fun of both of them when they had worn their trench coats to school and it was 90 degrees outside, Dustin thought that is where they got the nickname "Trench coat Mafia" because it just stuck from that day forward.

I asked Dustin if he ever had any direct contact with the boys this year and he stated no. I asked if he had ever made any comments to them in bowling class and he stated well we always taunted them during the game because we jocks thought we could play the game better. I asked Dustin who was on the team with him and he stated that it consisted of:

Steve Burk
Clint Woodman
Matt Oliver

I asked Dustin if anything else had happened, or if either of the boys had said anything to them and Dustin replied no.

Dustin's father then asked if I was investigating [redacted]. I asked him where he heard that and he stated that he had heard it from the news media that had come to his home. I told Mr. Thurmon that I was in fact working on [redacted]

Neither Dustin nor his father could provide any further information regarding [redacted]

On 5-20-99 I contacted Todd who told me that on 4-20-99 he had stayed home from school.

Todd further told me that he had both Harris and Klebold in his 1st period Video Production class in the 2nd semester. Both were fairly friendly but kept to themselves always sitting together and almost never with anyone else. Todd described their videos as "Dark and Weird". Todd did not socialize with them at all. Todd also remembered that he did not see the trenchcoats being worn very much this year but saw them a lot last year. As far as friends, Todd used to see Zach Heckler and Chris Morris hanging around with Harris and Klebold.

INVESTIGATION:

On 6-16-99, between the hours of 1145 and 1150, I had an opportunity to speak with Erik Trenck in reference to the Columbine incident that occurred on 4-20-99. Through the use of school records, we had identified Erik as being on lunch period "A" and I was calling to confirm if he was at school that day.

Erik told me that he arrived at school on 4-20-99 at about 0810 hours and that he attended his second hour Physics class taught by Mr. Cram. Erik was asked how he entered into the school that particular morning. He told me that he walked from the junior parking lot, space number 348, and went into the commons area through Rebel corner, then proceeded to his class. Eric was asked

if he observed anything out of the ordinary that morning when he walked into the cafeteria area/Rebel corner. Erik told me that he did not see anything which would leave him to believe anything was wrong. Erik attended his regular classes that day and after being released from his fourth hour history class, taught by Mr. Fleener, that he and his friend, Ryan Stephens, exited from the school at about 1120 hours. Again, he told me that they exited through Rebel corner, went out in the junior parking lot and left school. Erik explained that he went to New York Bagel for lunch that day and the bagel shop is located on Bowles Avenue, just east of Wadsworth. He told me that while he was eating lunch at the bagel shop, he saw two teachers from the school, Mr. Moore and Mr. Tonelli.

At this point I confirmed with Erik that he had left prior to the incident, he did not observe any gunmen, nor did he hear any gunshots or explosions. Prior to finishing my interview, I asked Erik if he had any additional information. Erik told me that as he was walking out of school, going to lunch at about 1120 hours, that he recalls Brooks Brown was walking out of the school behind him. He told me that he believes Brooks is an associate of the "Trench Coat Mafia." He described Brooks with brown curly hair, but wasn't wearing a trench coat that day. I asked him if he recalled where Brooks went. He told me that after he exited the school he didn't pay much attention to him and has no idea where he went. Erik also proceeded to tell me that he was contacted by an investigator about two weeks after this incident, who explained to him that [redacted] Erik was unable to provide any additional information as to who that investigator was that contacted him

INVESTIGATION:

On 08-12-99, after attempting numerous times to make contact with witness Kelly Trinniman, and not being able to get in contact with her, I was able to contact her by telephone. The reason I needed to contact Kelly was for an interview in reference to the shooting that occurred at Columbine High School on 04-20-99.

I asked Kelly Trinniman what information she could provide to me about the Trench Coat Mafia, the Trench Coat Mafia students and in particular, what information she could provide about Dylan Klebold and Eric Harris. Kelly told me she had no information about Dylan Klebold or Eric Harris. Kelly advised me that in her second hour class at Columbine High School, there was a female student that Kelly knew only as "Lydie"or "Lydia,"that wore a trench coat in this class. Kelly advised me that this female student sat at the back of the classroom, and stayed to herself in the class. Kelly said she could not remember anybody that this female student had associated with in the Math class.

On 7-14-99, at approximately 1330 hours, I contacted witness Ryan E. Typher by telephone. Ryan is a student at Columbine High School and the purpose for this interview was in reference to the shooting on 4-20-99 at Columbine High School.

Ryan Typher said on 4-20-99, at approximately 0730 hours, he arrived at Columbine High School for his scheduled classes. Ryan said his first hour class was a German class that was located in the foreign language department on the lower level of Columbine High School. Ryan said this German class lasted from approximately 0730 to 0830 hours. Ryan said he had his second class off so he went into the cafeteria/commons area of Columbine High School and selected a table to sit at. Ryan said he selected a table that was near the vending machines in the "Rebel Corner." area. I asked Ryan if he remembered seeing a duffle bag or propane tank in the cafeteria on 4-20-99. Ryan said he did not see either item prior to the shooting. I asked Ryan if he remembered seeing any of the "Trench Coat Mafia" students in the cafeteria or commons area on 4-20-99, and Ryan said he did not remember seeing any of these students on that day. Ryan told me that at about 0930 hours, on 4-20-99, he exited the Columbine High School cafeteria and went up the stairway to the upper level of the school to attend his biology class. This biology class lasted until approximately 1030 hours. Ryan said his fourth hour is "A" lunch time, so he exited Columbine High School with a friend of his by the name of Mike Kompinski, and said they went to Ryan's vehicle (a red Toyota Celica) that he had parked on West Fair Drive, east of south Pierce Street, in the one hour parking area. Ryan said he and Mike got into this vehicle and left for Ryan's house to eat lunch. Ryan said while he was in the school and while they exited the school, he did not see any of the "Trench Coat Mafia" students that he can remember. He said he did not see anybody or anything out of the ordinary while leaving. Ryan said he took Mike to his residence at 7610 West Friend Avenue to eat lunch. Ryan said after lunch, Mike and he tried to return to Columbine High School for their next classes, however, was unable to do so due to the police presence in the area of the school.

Ryan Typher said prior to 4-20-99, he did not know the names of any of the "Trench Coat Mafia" students. He said he knew who the "Trench Coat Mafia" was due to their style of dress, but said he did not know any more about them. Ryan said when he would see the "Trench Coat Mafia" students in Columbine High School, he did not see anybody harass or picking on them, including the "jocks." Ryan said he had not seen the "Trench Coat Mafia" students harass or pick on other students either. Ryan said that he played baseball, however, he was not harassed by any of the "Trench Coat Mafia" students for being an athlete. Ryan said he knew who Isaiah Shoels was and I asked him if he ever witnessed any type of racial harassment or racial intimidation by anyone towards Isaiah Shoels. Ryan said he had not seen any racial intimidation or problems towards Isaiah Shoels and in fact said that everybody seemed to like Isaiah.

Ryan Typher said that he has not heard about anybody who may have possibly been involved either prior to, during, or after the shooting at Columbine High School on 4-20-99. He said he has not heard of anybody, nor has he heard any rumors of anybody who may be manufacturing explosive devices and/or possessing or selling firearms. ADDITIONAL INFORMATION:

Ryan Typher advised me that approximately three to four years ago, his sister, Tiffany Typher, went to Homecoming with Eric Harris. He said he did not know if Tiffany had been interviewed by law enforcement yet or not. I checked with the FBI Rapid Start personnel, and was told that Tiffany Typher had been interviewed and the report showed an information control number of 4254.

I asked Ryan Typher how his family has been doing since the incident on 4-20-99, and he said that he is doing better, however, he said his sister, Tiffany, is taking it rather hard due to the fact that she knew Eric Harris previously I advised Ryan if anyone in his family or himself wanted to talk with a JCSO Victim Advocate to contact me and I would set up the necessary arrangements for them at that time.

Telephoned Courtney VAN DELL whom was said to have been removed from class early the day of the incident. She advised she withdrew from the school about a week prior to the incident to be home-schooled. She said she knew Eric HARRIS and Dylan KLEBOLD, but was not friends and did not speak with them. She added that she was also acquaintances with some of the other persons in the class photos shown on television; however, had never heard of the term "Trench Coat Mafia," prior to the broadcasts. She later heard that the group had dropped the name sometime last year due to the group having "disintegrated." She did not provide any of the names of the person she thought was in this group.

A search of Columbine High School records showed VAN DELL was indeed withdrawn on April 12, 1999 refuting the lead information.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 6/3/99

On 5/28/99, Courtney Van Dell, DOB 9/16/83, 6463 West Canyon Avenue, Littleton, Colorado, was advised of the identity of the interviewing Agents, and the nature and purpose of the interview. She was interviewed in the presence of her Attorney, Kalman Elinoff, and her Mother and Father, Solie and Gregg Van Dell. She provided the following information.

Courtney is in her freshman year at Columbine High School, and attended Columbine until 4/14/99. Her parents withdrew her from Columbine on the aforementioned date because she was having conflicts with both the staff and students at the school. Courtney was at home on 4/20/99, the day of the Columbine incident. She later learned of the incident from viewing news reports on television.

While she was still attending Columbine, she did associate with alleged Trench Coat Mafia (TCM) members and associates. She stated that she befriended them because they were different than most of the other students, not unlike herself. She associated with Chris Morris on a semi regular basis at school. She and Chris compared poetry that they had written, and often spoke of their views on life. They also spoke of being different that the rest of the students, and the harassment that they were both getting at school. Some of the harassment included having food thrown at her, as well as verbal abuse such as being called "Satan". She attributed this to the fact that she used to wear a set of horns to school. A teacher had also complained about Courtney's appearance to the Dean of students, Mr. Horvath. The teacher told Horvath that Courtney's mode of dress was distracting while trying to teach. Chris Morris had a lot of anger pent up inside due to the harassment and non acceptance at school. Courtney actually thought that Morris ironically had a superior attitude reference himself in comparison to other students. Morris never spoke of guns, bombs or any plans that he or others had that may have been similar to the assault that occurred on 4/20/99. Although they were called the TCM, Courtney rarely saw any of the students wearing trench coats. In fact, she believes that the TCM basically split up during the past school year.

She had second period free, and would go to Chris Morris' house to "hang out" during the free period. On at least one occasion, Eric Harris and Dylan Klebold were also at Morris' residence. The conversation was casual, and they didn't talk about guns, bombs or plans of an assault on the school. Courtney thought that both Eric and Dylan were nice and polite. There was however some discussion of harassment that they were all going through, and some casual talk of revenge, but nothing really serious. She couldn't remember specifics of this conversation, but again stated that it was nothing serious.

Since 4/20/99, Courtney has had no contact with any of the TCM or associates. She did see a girl named Kristen (LNU) who was an associate, working at the AMC 24 movie complex, but only said hello. Another individual named Brian (LNU) who was an associate was also working at the AMC 24 and only said hello. She has talked to other friends since the incident, to include a girl named Michelle Schott. Michelle told Courtney that she thought that she saw a man on the roof of the school on 4/20/99, in a white t-shirt possible throwing bombs from the roof.

Courtney uses the Internet, and has several screen names. Some of her screen names include Poet 83, and Gothic Fly. Her Internet service is AOL, and she rarely uses chat rooms. She has no ICQ account number.

Father: Jeffery Veigel	303-986-3609

OBSERVATION/INVESTIGATION:

On 052099 I contacted Jeffery Veigel (John's father) at home by phone. At that time I told him I was conducting follow up work on the Columbine shooting incident, and that I needed to ask his son several questions. Mr. Veigel became irritated and wanted to know what I might be asking his son, and I told him it would be in reference to the subject of a "Highpoint rifle" that his son had purchased in January, and his son's whereabouts during 5th hour, the day of the shooting. Mr. Veigel became increasingly irritated and told me I would not be able to speak to his son until after graduation, and then maybe not then because his son was so traumatized by the whole thing. Mr. Veigel went on to say that he was an attorney and he knew we were on a "witch hunt" for other suspects and that was why I needed to know about the gun. I explained to Mr. Veigel that we were just following up on many different leads and I just needed to clarify these points. Then in a belligerent voice Mr. Veigel stated that the gun was a 9mm, and that he was aware of it's purchase and that the gun was locked in a safe in his home and that he had the key no one else did. I asked Mr. Veigel if he had checked the gun to be sure of its location since the shooting, Mr. Veigel stated that he had checked the gun and it was just where it had been put in the safe. Mr. Veigel stated that he would page me when he felt it necessary to speak to me at a future date. To date (052499) I have not heard from him and he has not returned my calls.

Witness:

Michael Joseph Vedegnia, W/M, DOB/ 012881
7604 SOUTH Depew Street
Littleton, CO
(303) 979-7269

On May 4, 1999, I conducted an interview with Michael Joseph Vedegnia, DOB/ 012881, by telephone.

Michael Vedegnia told me that he had assisted Eric Harris and Dylan Klebold in the filming and editing of a video for a class project. Vedegnia said that he had also had a short part in the video and that the video was directed by Harris and Klebold.

I asked Vedegnia what the video was about. Vedegnia said that the video started with Harris and Klebold driving by in a car talking about how some radioactive clothing had come alive and were attacking people. Vedegnia said that the only people who were attacked by the clothing in the video were Harris and Klebold. He said that the only people in the video or who assisted in the production, editing or filming of the video are Eric Harris Dylan Klebold and Eric Viek.

I asked Vedegnia what part he played in the video. Vedegnia said that he had a short part where he entered several rooms and found a person (Eric Viek) unconscious and had to carry him out.
Vedegnia said that he only played that small part and was responsible for the editing of the video.

I asked Vedegnia where the video was filmed. He said that they filmed the video at Columbine High School. I asked him what type of weapons or guns they used in the filming of the video. Vedegnia said that they had used "simulated guns." He indicated that Harris and Klebold had provided the "props" for the filming of the video.

I asked Vedegnia what type of a relationship he had with Harris and Klebold. Vedegnia said that he did not associate with Harris or Klebold. He said that they had approached him and asked for his assistance in the filming and editing of their video for a class project as they needed to complete the project for a grade. Vedegnia said that they had asked for his help because he was very familiar with the equipment needed for the filming and editing.

Vedegnia told me that he never had any problems with Harris and Klebold and that they never talked to him about shooting up or blowing up Columbine High School or any other location.

I asked Vedegnia if he had assisted Harris or Klebold with any other videos. Vedegnia said that he does not remember filming, editing or participating in any other videos with Harris or Klebold but stated that it is possible that there may be other videos that he acted in with them.

WITNESS
Vendegnia, Michael J. 1-28-81
7604 S. Depew Littleton, Co. 303 979-7269

Narrative:
On 5-14-99 I spoke with Vendegnia regarding his knowledge/participation in a conversation with Veik regarding any "test" or opinions of the security at Chatfield HS. Vendegnia denied any knowledge of any such conversation with Veik or anyone since the 4-20-99 incident. Vendegnia stated that he did know Ungerland, Veik and Romanysyn but said that Thomas and Dressel were unfamiliar to him. Vendegnia als denied any knowledge of a black video bag or any plan to use road flares bound together as dynamite.

Vendegnia was then asked about Harris and Klebold. He said that he knew who Klebold was but had no real contact with him and to his knowledge did not have him in any of his classes. Vendegnia has known Harris thru school for 3-4 years and most recently has had Harris in his 2nd hour video productions class both semesters of this school year. Klebold was in the 3rd hour video class. Vendegnia described Harris a always nice, laughed and joked and was never aggressive. Harris has worn a black duster type coat for th last 3-4 years and wore it almost everyday. Vendegnia has known Harris' friends to be Klebold, Zack Heckler, and Chris Morris. The only social contact he had with Harris was the filming of the various videos One was a spoof of the show "Cops" where Vendegnia was both an actor and the editor and the other was the .dioactive Clothes" where he again was an actor and the editor. The story of the "Cops" video was collaborative effort between Harris, Veik and Vendegnia. The story for "Radioactive Clothes" was Harris' idea. Vendegnia had seen private footage that Harris had shot in the mountains where Harris, Klebold, tw males (one with long black hair and the other with brown/blond hair and glasses) and one female were firir weapons at trees and a bowling pin. Vendegnia did not know where the footage was shot or exactly when this occurred except that he had seen it about 2-3 months ago in the video class. Vendegnia had no idea Harris and Klebolds plans and really saw nothing disturbing with the videos that they made. Vendegnia di recall that on 4-19-99 Vendegnia, Romanysyn, Ryan Seacrest(?), and Vince Pheins were filming a video i the school hallway and encountered Harris sitting in the hall. When asked if he wanted to participate Harr said "no" and that he was studying or working on something for the next day.

Vendegnia further told me that he was home sick on 4-20-99 and had thought about going in after lunch until he saw what was happening on the TV. He had 4th hour Introduction to Windows and 5th hour Government and Economics with a lunch after the 4th hour class which would have put him in the cafeteria at 1110 hours.

INVESTIGATION:

On 06-17-99, at 1700 hours, I responded to 7613 W. Coal Mine Place to contact and interview Mollie Ann Weksler, who is a graduated student of Columbine High School. This interview was in reference to the shooting that occurred at Columbine High School on 04-20-99.

JC-001-007356

Mollie Weksler told me on 04-20-99, at about 1110 hours, after getting out of a school class, she left Columbine High School

with a friend of hers by the name of Thea Allen to go to Einstein's Bagel Shop in the Chanson Plaza, at West Bowles Avenue and South Wadsworth Blvd. Mollie Weksler said they were gone for approximately 15 to 20 minutes. She said while they were exiting the school to go to Einstein's, they exited on the west side of Columbine High School near the library, and she said she did not see any suspicious people nor did she see any suspicious items. Mollie said when they tried to return to Columbine for the remainder of their classes for that day, they were unable to do so due to the police presence in the area of Columbine High School.

Mollie Weksler said she was not in the cafeteria of Columbine High School at all on 04-20-99 Mollie Weksler said she has her third hour class with Dylan Klebold. She said that although Eric Harris was not in this class, he would come in all the time anyway to see Dylan Klebold. Mollie Weksler said on 04-20-99, Dylan Klebold did not go to this class, but she saw Dylan Klebold and Eric Harris outside of Columbine High School in the north senior parking lot sitting on Eric Harris' car hood. Mollie Weksler described Eric Harris' vehicle as a black or gray Honda Prelude and said when she saw them sitting on the hood of Eric Harris' vehicle, this was at approximately 0930 on 04-20-99. Mollie Weksler said Eric Harris had his vehicle parked approximately two parking spaces away from Dylan Klebold's vehicle in this north senior parking lot of Columbine High School. Mollie Weksler said when she walked past Eric Harris, she said hello to him, but she said Eric Harris "seemed different, like his mind was on something else." Mollie Weksler said that Eric Harris is usually talkative and sometimes teases her when she talks to him, however, he did not do this on 04-20-99 Mollie Weksler said she kept on walking past both of them.

Mollie Weksler said that Eric Harris would always wear a white shirt, black baseball cap, black Army type cargo pants, a black belt, and black Army style boots that he would tuck his pants into and blouse. Mollie Weksler said she never saw Eric Harris wear a trench coat. Mollie Weksler said Dylan Klebold would dress in the same manner as Eric Harris, but he would wear a trench coat and sometimes would wear a black bandana over his head.

JC-001-007357

I asked Mollie Weksler if she ever saw Dylan Klebold, Eric Harris, or any Trench Coat Mafia students get picked on or harassed. Mollie Weksler said she had, and said she has seen Columbine High School teachers pick on Dylan Klebold and Eric Harris unjustifiably. She said, "You know, you could always tell who were the teachers favorites in class, and Dylan and Eric were not one of their favorites." She said there was a female employee of Columbine High School who ran the computer lab, but was

not a teacher. Mollie Weksler said this female picked on Dylan Klebold and Eric Harris unjustifiably. Mollie Weksler said when this occurred, Dylan Klebold and Eric Harris would glare at this female, however, they would not say anything out loud back to her. Mollie Weksler said that she did not see the "jocks" pick on the Trench Coat Mafia, except to talk about them behind their back, but said the "jocks" would not talk to the Trench Coat Mafia students either. Mollie Weksler gave me the names of some of her friends that may be able to provide J.S.C.O. with additional information about Dylan Klebold, Eric Harris, and/or the Trench Coat Mafia students or their activities. These names are: Denise Bowers, Jo-Lee Gallegos, John Sealander, Luke Milana and Mr. Talacco, who is a teacher in the video productions class. Mollie Weksler did not know if any of these people have been interviewed by law enforcement yet.

I asked Mollie Weksler if she knew [redacted] and she said she did not know him. Mollie Weksler said she did know Brooks Brown and described him as "friendly but strange" with a "short temper," but said he would never do something like this, referring to the shooting at Columbine High School on 04-20-99. Mollie Weksler also told me that Brooks Brown was very angry with the way that Columbine High School had treated him and she also said that Brooks Brown had been picked on by the "jocks," but as far as she knew, their harassment toward Brooks Brown was verbal harassment only and not physical assaults. After she advised me of this, I asked her if she thought Brooks Brown was upset and angry enough to be involved with Dylan Klebold and Eric Harris in the shooting on 04-20-99 as retaliation against Columbine High School and the "jocks." She said, "I just don't know."

Mollie Weksler said about one and half to two weeks before the 1999 Columbine High School Prom, Eric Harris came up to her and asked her to go ask a female student by the name of Brandy Tinklenburg if she would go to the Prom with him. Mollie Weksler said when she went up and asked Brandy Tinklenburg for Eric Harris, Eric Harris was watching her do this. Mollie Weksler said Brandy looked at Eric Harris, then shook her head no, indicating to Mollie Weksler that she would not go to the Prom with Eric Harris. Mollie Weksler said Eric Harris saw Brandy shake her head no, and was very upset about being turned down. Mollie Weksler said that Eric Harris would not talk to Brandy after this and in fact would not look at her. Mollie Weksler also said that Eric Harris later told her he could not believe that Brandy Tinklenburg would not go to the Prom with him. Mollie Weksler said after Brandy Tinklenburg turned Eric Harris down for a Prom date, she heard Eric Harris had asked another female student by the name of Sabrina Cooley to go to the Prom with him, however, Sabrina had also turned Eric Harris down.

Mollie Weksler said her father, John Weksler, was a military helicopter pilot in Vietnam. Mollie Weksler said at the end of the 1998 Columbine High School school year, John Weksler went to Columbine High School and talked to some students about his experiences in Vietnam and flying helicopters, etc. Mollie Weksler said Eric Harris was one of the students that John Weksler talked to and later said that Eric Harris was very interested in the weaponry used on the helicopters and in the Vietnam war, etc. John Weksler was not available for me to interview at the time I interviewed Mollie Weksler, however.

Mollie Weksler told me that she did not see anybody at Columbine High School carrying any duffle bags, such as the one that was later recovered in the Columbine High School cafeteria. She said she believes that Dylan Klebold and Eric Harris brought the bombs into Columbine High School at the After Prom party on 04-17-99 and on into 04-18-99. Mollie Weksler said she attended this After Prom party and said Dylan Klebold and Eric Harris were there also.

I asked Mollie Weksler how she has been dealing with the incident since 04-20-99. She advised me that she has been doing very well, however, in the beginning and once in a while since 04-20-99, she will have an occasional nightmare. I gave Mollie Weksler one of my business cards and asked her to contact me in the future if she wanted to talk to a J.C.S.O. Victim Advocate. I advised her I would make the necessary arrangements for her at that time. Mollie Weksler also advised me that should she remember any further information that may be pertinent to this case, she will contact me.

Bret Wilcox was interviewed on 05-20-99 by Inv. Jill Reuteler (7394), Colorado State Patrol, by telephone at approx. 11:00am at his residence.

Bret Wilcox said that on 04-20-99 he did not go to school. He stayed at home because of his asthma. Bret said that he has a home teacher, Sherry Ann Neu, who helps him with his school work because he is sick very often. He said his car is a 1990 Ford Probe with Colorado license plate GBU9812 and that his parking space is 371 in the Junior lot.

Bret Wilcox said that he knew Eric Harris by face because during Bret's freshman year, they were on the same school bus. Wilcox said that they would say 'hi' to each other and sometimes they would walk together as they lived near each other and had the same bus stop. Wilcox said that he did not know Harris very well and did not know his name until after the shooting.

Wilcox said that a student named Alana parked on one side of his car and that another student who he thought was named Yani parked his white Honda Accord on the other side his space

I asked Bret Wilcox if there was any reason that Eric Harris would park in his parking place. Wilcox said that he knew of no particular reason, except that he was sick quite often and sometimes students would take other students parking places. I asked Wilcox if he had given anyone permission to park in his space and he said that he had not.

The interview was concluded.

WILSON, Benjamin M. (DOB:021882)

Investigative lead of student "ditching" from Columbine High School on 04-20-99.

05-10-99 / 12:10pm

Ben WILSON confirmed he had not attended his morning classes at Columbine High School on April 20,1999. He explained that he does not have a first hour class, and did not attend his World History class during the second period, nor his Gym class during third period. He further explained that he had provided his friend, Brandon Bronson, a ride to Burt Chevrolet that morning as he was having an ignition put in his car. He said he learned of what had occurred at the school afterwards, and thus did not return to his afternoon classes. Ben said he had not heard anything of the pending assault, but had met Eric Harris last year in a class they had together. He described him only by saying, "Eric was not crazy back then."

I then telephoned Ben Wilson's mother, Sharon Wilson. She provided a similar account of Ben's absence from school that day. She added that Ben is good friends with Brandon Bronson, and that they were retrieving Brandon's car from the repair shop when the incident occurred at Columbine High School.

In an effort to confirm this account I contacted Burt Chevrolet and spoke with Rick Jones, of their Service Department. Jones independently confirmed that on April 20, 1999 they had released a 1990 Chevrolet Camaro after having installed an ignition switch with the customer name listed as "Russ Bronson." He said their records however did not indicate whom had accepted the car as the signature was illegible, nor do they keep records of the time of day vehicles are released. "Russ Bronson" is listed on the Student Information Card as the parent of Brandon Bronson.

CN#2586 lead of Brandon Bronson's absence was also cleared as related.

On May 10, 1999, SA Michael W. Howell telephonically contacted Robbie Wisher, DOB 6/6/84, telephone number (303)730-2530 regarding the Columbine High School Shooting. Wisher was advised of the identity of the interviewing Agent and the nature of the interview, he then provided the following information:

Wisher stated that he was off campus at the time of the school shooting. Wisher left campus at the end of 4th hour, approximately 11:20, with Giff Secrist (phonetic) and Joe Dreaden in Dreaden's car, a light blue, 4 door car (make and model unknown). Wisher did not see anything unusual happening at the school when he left. Wisher and his friends drove back to the school approximately 20 minutes later but could not get back on the school grounds due to the number of students who were running away from the school. Wisher then heard a gunshot and ran to a lady's house near the school. Dreaden left the area in his car.

Wisher later learned that his brother, Chris, was on the soccer field during the shooting.

Wisher did not see anyone shooting and could not provide any further information.

On 05-24-99, I spoke with Clint Woodman. This lead was to determine his whereabouts during fifth period as records reflect he had this period free. Woodman stated that on 04-20-99, he has a Bowling class that Eric Harris and Dylan Klebold were supposed to be in, but he did not see them there. He also said he had a third period class with Chris Morris. He stated Morris was at the class and seemed normal, and didn't notice anything unusual.

I asked Woodman how he found out about the incident. He said when he attempted to return to school, he was directed to go to the public library. I asked Woodman if there was any additional information that he had heard since the incident which would assist in this investigation, and he said he had not.

She stated science class got out at about 1110 hours. She stated she left through the science hall, went down the stairs to the Rebel Corner area where she talked with a few friends, and decided to leave campus for lunch. She stated she believed it was about 1115 hours, when they left. She stated there was nothing unusual in the cafeteria. As she went outside to the junior parking lot, she also noticed nothing unusual. She stated she was with Jamie Norwood, who was driving, Laura Hershnow, and Carrie Weaver. She stated they went to the McDonald's at Pierce and Coalmine. She stated when they tried to return to the school, the roads were blocked and they were directed into a neighborhood. Whitney Woydziak ated numerous cars were stopped, and a teacher told them to get as many kids into the car as possible and to leave the area.

I asked Whitney Woydziak if she knew either Dylan Klebold or Eric Harris. She stated she did not know Klebold, but she had seen him and knew him by sight, but had not seen him on 04-20-99. I asked her if she would recognize his car, and she stated she did not know his vehicle. She stated she had Harris in a gym class during first semester. She stated she did not see him on 04-20-99, and did not know his vehicle either. She stated that Harris seemed normal to her and always participated in gym class. She stated she had only seen him on one occasion in his trench coat.

I asked Whitney Woydziak if she had either heard or seen anything prior to the incident or since the incident that she thought might be of assistance. She stated she had not.

Levi Gregory Yazzie / DOB 012682

7387 West Fremont Drive

Littleton, Colorado 80128

303-948-5987

Columbine High School / 11th grade

INVESTIGATION:

On 06-01-99, at about 10:30 a.m., I telephoned the Yazzie residence as follow up on DN3883. At that time, I spoke with Kathleen Yazzie, Levi's mother. Kathleen confirmed what Levi had told me about student Scott Shaffer on 05-28-99 (DN3570). She explained that Scott Shaffer's parents are divorced, and that Scott has been living at her home for several months due to problems he'd been having with his mother. Kathleen said that Scott recently drove to Oregon for an extended camping trip with his father, and that upon their return, Scott plans to move out of her home and in with his father, somewhere in the Denver metro area.

Kathleen then told me that her son, Levi Yazzie, was not at Columbine High School during the shootings on 04-20-99. She said that on 04-19-99, Levi, who played on the school's varsity baseball team, injured his knee. On 04-20-99, Kathleen said that Levi's knee was still bothering him, and that he called her from school after his third period to see if she would phone in an excused absence for his fourth period. Kathleen said that she then called the school for such excused absence, and that Levi came home. Kathleen said that Levi arrived home at about 10:30 a.m., and stayed for lunch. Kathleen said that Levi then returned to school at about 12:15 p.m. Kathleen said that about ten minutes later, Levi phoned her from a friend's (Ryan McGrath / 12th) cell phone to report what had occurred at the school and that he was OK. Kathleen said that she told Levi to return home, which he then did. The interview concluded at about 10:40 a.m.

Yealy also told me that his curiosity had just gotten the best of him so they walked on the west side of the fields on the west side of the school when he encountered a barbwire fence. Yealy saw a downed corner of the fence and he alone decided to cross the fence and perhaps get a closer look at the school that he has been seeing on the news for the last few days. He said he had no intention on going into the school or even getting close. He said he doesn't know anyone involved in the incident and doesn't even know anyone living in south Jefferson Co. Yealy denied being with the Trenchcoat Mafia although he admitted that he does own a London Fog style trenchcoat that he likes to wear during inclement weather.

ZIRGER, FRANK

DN 1707

REPORT DATE May 4, 1999	OFFICE OF THE ATTORNEY GENERAL STATE OF COLORADO	CASE NO. 99-7625
TYPE OF REPORT Progress	REPORT BY Inv. Gary Clyman	AREA Jefferson County
NATURE OF CASE COLUMBINE HIGH SCHOOL / HOMICIDE **INTERVIEW OF FRANK ZIRGER (CHS STUDENT / TCM ASSOCIATE)**		

1. On April 28, 1999 I contacted Frank Zirger (DOB: 10/21/80) at his residence, 6763 W. Roxbury Pl., Littleton, CO 80128, (303) 972-8306. The interview had originally been arranged through his mother the previous day, who gave her consent, and was present in the home, known to him as either but not in the interview.

2. The original lead on Frank Zirger came from fellow CHS student, Pamela Silva. She had related that Frank had told her that he had seen Eric Harris at CHS on the morning of April 20, 1999 with another student identified as "Red".

3. Frank Zirger is currently a junior at CHS, having attended the school since 9th grade. He knew both Harris and Dylan Klebold, describing them as "acquaintances". He knew Harris as either "Reb" or "Red", and of the two, he knew Dylan better. Frank met them both last year through Brian Sargent and Tad Boles. Sargent and Klebold had a video class together. Frank would often go to breakfast at a local McDonalds with Klebold and Sargent.

4. Frank said that he did not associate much with Reb, describing him as quiet and "respected" by others in their peer group. He observed that Reb primarily associated with Dylan, Chris Morris, and Nate Dykeman, all of who had an early morning bowling class together. He described Dylan Klebold as "happy", never angry, and if anyone ever made fun of him, he seemed to let it "roll off his back". Frank never saw either Harris or Klebold express anger towards others. Frank said they seemed to be normal, and was very surprised at what they did.

5. Regarding the "Trench Coat Mafia" (TCM), Frank said that a large group of fellow students began hanging out together in the 9th grade on Pierce Street near CHS, but he is uncertain how that name became associated with the group. Frank has never considered himself a member of TCM. He said that the group treated each other as "family", often hugging each other when departing company. The incident at CHS was never discussed within the group as any sort of plan, and he cannot believe that anyone would assist them. None of the group ever discussed pipe bombs. Frank knows former CHS student Joe Stair, but said that he has rarely seen him since he graduated (January 1999).

6. On April 20, 1999 Frank said that he, his younger brother Paul, and Nicole Dickey all obtained a ride from Brian Sargent to CHS, arriving at about 7:00 a.m.. Frank does not have a scheduled 1st hour, and while the others went to class, he went to the cafeteria with Nick LNU, George Shriner, and Michael Bogatz. The four of them usually walk from the school over to the corner of S. Pierce and Polk where they smoke.

7. Shortly after 7:00 a.m., he and the other three named above, left the school from the cafeteria, along the sidewalk separating the junior and senior parking lots, and in the direction of Polk. Frank is familiar with Eric Harris' car, a light gray 1989 Honda Prelude with a "Ramstein" sticker on the rear window. As Frank walked past the junior lot, he saw Eric's car parked in the junior lot with the trunk open, and saw Eric behind the car, somewhat bent over as if he was doing something in the trunk. The car was approximately 30-40 feet from the school. Eric was wearing black fatigue pants and possibly his black KDKFM T-shirt. This caught his attention because it was unusual to see Eric at school that early, and that he was not parked in his usual spot, which is in the senior lot. He had already walked past the car, passing within about 10-15

feet of it, and did not say anything to Harris. He does not know if any of the others with him saw Eric. Frank said that while not absolutely certain, there may have been another male standing near the car with Eric, described as tall, slender, black pants, black waist-length jacket with no patches, whose back was to him. Frank does not recall noticing Dylan Klebold's car at the time, which he knows to be a black BMW. (See attached CHS map whereby Frank Zirger identified his route from the school, location of Harris, and the usual parking spaces of Harris, Klebold, [redacted] and [redacted]

8. Frank said that because of the terrain near the school, he could not see Harris' car or the parking lot once they were at the corner of S. Pierce and Polk. He and the others returned to CHS via the same route at about 8:50 a.m., and he does not recall seeing Eric's car parked in the same space, nor does he recall seeing either Eric or Dylan the remainder of the day.

9. Frank said he was at school attending each of his classes from 2nd – 4th hours, which ends at 11:10 a.m. He then went to Brian Sargent's car, which was parked in his space in the senior lot, arriving at about 11:15 a.m. He, Sargent, and Nicole Dickey drove to the Burger King near the Cooper 7 Theatre (S. Pierce).

10. They returned to CHS at about 11:45 a.m., and saw several police cars and police around the school. They were advised by an officer of the shooting, and told to leave the area. They drove to Frank's house, arriving at about 12:30 p.m., stayed briefly, drove to Nicole's house so she could get her car, and he then returned home. His brother, Paul, had arrived home at about noon.

11. Frank said that of the shooting victims, he knew Isaiah Shoals, Rachel Scott, Brian Anderson, and _____ Fleming. He has not discussed the shootings with his friends. Frank said he would like to be contacted for counseling services, and I made a referral to the victim advocate.

At this point she turned and ran back toward the park but was not allowed to take her vehicle. She caught a ride with friends and left the area. She did not see or hear any shooting or explosions.

Zobjeck also told me that Klebold was in her first semester gym class and that they did not get along. Klebold was always cheating at the games in class and was always pushing people.

REPORT BY JACKLYN GEE (ACSO)

On 052499 this Investigator spoke to a subject identified as:

Alber, Jerry
DOB: 082448
8889 W. Crestline Dr.
Littleton, CO 80123
Ph# 303 979-4187

Jerry advised the following:

That Jerry's son, Justin is a student at CHS.

That on 042299, Jerry was at the West Bowels Community Church with his friend, Rick Dendorfer for a memorial service honoring the victims of the CHS incident.

That Rick's daughter, Erika and son, Matt are also students at CHS.

That "out of the blue" a girl introduced by Erika as "Alex" (Marsh) walked up to Jerry and Rick.

That Jerry described the Alex as being short and stocky, with black hair, and wearing a Miami Dolphins cap.

That Jerry recognized Alex from the news where she had been interviewed on 042099 and defended "the shooters", so he was interested in what she had to say.

That in a very clear and concise voice, Alex stated, "Yeah, they had been planning this since December".

That immediately after making the statement, Alex walked away.

That Jerry also advised that Alex made the statement in a very "cold" and "matter of fact" manner, and he stated that after she walked away he and Rick stated to each other, "What a cold bitch!".

That Jerry got the impression that Alex knew this was going to happen.

Roger Anderson, home address 8170 W. Massey Drive, Littleton, Colorado, 80126, telephone number (303)979-6826, date of birth June 27, 1937, was contacted at the home of his son, Wade Anderson, located in San Antonio, Texas, telephone number (210)699-4923. After being advised of the identity of the interviewing Agent, Anderson provided the following information:

Anderson was loading dump trucks at the corner of Caley Street and Pierce Street, across from the south parking lot of Columbine High School, on the morning of April 20, 1999. At approximately 10:00 a.m., Anderson recalled seeing a Jefferson County Sheriff's Officer on a motorcycle sitting at the Caley/Pierce intersection watching for speeders. About 15-20 minutes after the officer left the area, Anderson saw two vehicles turn off Pierce and onto Caley Street. Anderson advised that the two vehicles came about 100 feet onto Caley Street and then made a u-turn and return to Pierce Street. Anderson did not know which direction the vehicles traveled on Pierce.

Anderson stated that the first vehicle was a black or dark blue BMW that contained four teenagers. Anderson recalled that the teenager in the passenger seat of the BMW was wearing a light colored baseball hat. The second vehicle that was tailgating the BMW was described by Anderson as a light colored mid-sized vehicle containing two individuals.

Anderson shared his information with two patrol officers on April 21, 1999, when he was back at his work site. Anderson stated that he has been working in excavation for over 25 years and must always be observant of his surroundings. Anderson stated that he though it was unusual for kids to be driving around in a BMW and that was why he took notice of the incident. Anderson advised that was currently visiting his son in Texas and would be returning to the Denver area on May 1, 1999.

As a result of this incident a task force was formed to investigate this tragedy with IO being a member of this investigative group. IO was assigned a lead to follow up regarding control #2818 which indicated that one of the two primary suspects in this case, Eric Harris had a wallet which contained a business card. This business card was from the Upper Edge Security Center located at 5433 W. 88 Avenue, Westminster, CO 80030, Tel. 303-428-8454. The business card further indicated that Frank Brown was the president of the aforementioned business.

On 05/20/99, IO contacted Frank Brown, the president of Upper Edge Security Center by telephone. After explaining to him the reason IO was contacting him, he stated that any business customer of his has to be 18 years of age with documented proof in order to buy anything from his business. Some of the products that are sold at the Upper Edge Security Center include large knives and swords. IO requested for Mr. Brown to check his computer records to see if any purchase was made by Eric Harris or Robyn Anderson. Mr. Brown did check his computer files and determined that no purchase of any kind was made to either party. No name check was requested for Dylan Klebold since he was 17 years old at the time of his death, 04/20/99.

With no further information to be developed, IO concluded this interview with Frank Brown.

The following supplemental report will be in reference to Arvada Police Department CR 99-12067 that will correspond with Jefferson County Sheriff's Department CR 99-7625 regarding the shootings/murders at Columbine High School on 04/20/99.

The following supplement is an evaluation of polygraph charts that were produced as a result of Matthew Nalty, DOB 04/15/81, and James Brunetti, DOB 10/28/80, being administered polygraph examinations regarding the Columbine High School shootings/murders that occurred on 04/20/99. IO, Detective Jim Vonderohe, is a member of the Columbine High School Task Force which is investigating this tragic event. One of the primary objectives of the task force is to determine whether or not any other person besides Eric Harris and Dylan Klebold were involved in any way in the planning, preparation or participation of this criminal act.

As the SWAT teams began their search of the school shortly after the shootings were reported, Matthew Nalty, James Brunetti and Matthew Akard, DOB 01/29/81, were contacted in Clement Park near Columbine High School by police officers as they were approaching the school. Due to the fact that these three individuals appeared similar to the physical descriptions of the attackers in the school, the aforementioned subjects were detained and questioned by the police. Their detainment was monitored by national television outlets which resulted in Matthew Nalty and James Brunetti being flown to New York City in order to possibly appear on the Sally Jesse Raphael television show. Apparently a precondition to them appearing on the show was the requirement that they submit to a polygraph examination in order to determine that they had no criminal involvement in the Columbine High School massacres.

Investigator Duane Eaton (Arvada Police Department), a Columbine High School Task Force member, determined that Matthew Nalty and James Brunetti, were administered polygraph examinations by R. Michael Martin. Mr. Martin is associated with Priority Investigations, Inc., 553 Main Street, Stroudsburg, Pennsylvania, 18360, 1-800-545-1112. Investigator Eaton contacted Mr. Martin regarding the polygraph examinations and requested a copy of all the charts, questions and associated paperwork that was generated from these examinations.

Investigator Eaton received the aforementioned requested items from Mr. Martin with an accompanying letter dated May 14, 1999. Mr. Martin indicated in the letter that he was an associate member of the American Polygraph Association and completed his polygraph training at the New York School of Lie Detection in 1984 (certified in 1985). The letter further stated that the examination of each subject lasted 90 minutes and included one acquaintance test, a specific "you phase" examination and an exploratory examination. Mr. Martin stated that he administered all of the polygraph examinations to the subjects on May 3, 1999.

IO, a 1980 graduate of the American Institute of Polygraph (certified in 1983), and a full member of the American Polygraph Association and the American Association of Police Polygraphists, was requested to perform a quality control examination of all the submitted items regarding the polygraph examinations of Matthew Nalty and James Brunetti.

In reviewing the items submitted by Mr. Martin, his report indicated that both subjects claimed in their pretest interview that they (Nalty and Brunetti), along with Matthew Akard, were at Brunetti's apartment when they heard about the shootings at Columbine High School from Brunetti's sister. They decided to go to the school to determine if their friends who attend the school may have been injured. It should be noted that none of the three individuals were students at Columbine High School. The report further stated that upon their arrival in the school's vicinity, they were accosted by the police, questioned and later released. They denied any involvement and knowledge in the shooting incident at the school.

Mr. Martin's report indicated that the relevant questions asked of both subjects in the Backster Direct Involvement "you phase" examination were:

a. Prior to the shootings at Columbine High School on April 20th, did you transport any guns or explosives into that school?
b. Did you yourself transport any guns or explosives into Columbine High School prior to the shootings on April 20th?

The relevant questions asked of both subjects in the Backster Exploratory examination were:

c. Prior to April 20th, did you ever visit the Website of Harris and Klebolt?
d. Prior to April 20th, were you personally acquainted with either Dylan Klebolt or Erik Harris?
e. Prior to April 20th, did you know that the shootings at Columbine High School were gong to take place?

It was Mr. Martin's opinion that Matthew Nalty's "no" response to the relevant questions indicated for him to be answering truthful to them, all except for relevant question "c," which scored in the "inconclusive" range. Mr. Martin opined that Matthew Nalty was not deceptive in his response to any of the relevant questions.

It was Mr. Martin's opinion that James Brunetti's "no" responses to the relevant questions indicated for him to be answering truthfully to all of them.

After reviewing all of the polygraph charts from Matthew

Nalty's examination, it is IO's opinion the subject appeared to be deliberately distorting his respiratory tracings in chart #1 and chart #2 of the exploratory examination and to relevant question #35 (b) on chart #2 in the direct involvement "you phase" examination.

It is the opinion of IO, after analyzing all of the polygraph charts and using a seven point scale in scoring Matthew Nalty's polygraph charts, that his responses to the relevant questions in the direct involvement examination were "inconclusive" and his responses to the relevant questions in the exploratory examination were truthful.

It is the opinion of IO, after analyzing all of the polygraph charts and using the seven point scale in scoring James Brunetti's polygraph charts, that his responses to the relevant questions in the direct involvement and the exploratory examinations were truthful. However, it is IO's opinion that Mr. Martin is very generous to the subject in his scoring evaluation of all the tests, especially the direct involvement "you phase" charts.

All of the polygraph charts and related paperwork mailed to Investigator Duane Eaton and utilized by IO in the analysis of the polygraph examinations given to Matthew Nalty and James Brunetti will be submitted to the evidence custodian of the Jefferson County Sheriff's Department regarding this criminal investigation.

No further information at this time regarding this matter.

INVESTIGATION:

JC-001-007437

On Tuesday, April 20, 1999 at around 1300 hours I responded to the Jefferson County Sheriff's command post regarding the shooting at

Columbine High School. While on scene, three young men were taken into custody in the area of the park that were similar in appearance to the possible suspects in this shooting. One of the persons taken into custody was a James Brunetti. Jeffco S.O. Sergeant Pat Woodin requested I interview Mr. Brunetti.

At 1359 hours I entered a van were Brunetti was seated. He was cuffed and being escorted by Jeffco S.O. Deputy A. R. Walker. His property was already in a bag and I was handed his Colorado I.D. He said he only heard about the shooting. His hands were then bagged for a GSR collection kit.

I then read Mr. Brunetti his rights per Miranda reading from my pre-printed card. When asked if he understood his rights he replied, "Yes." When asked if he would tell his side of the story he replied, "Oh, yeah." Brunetti then told me the following:

* He lives with his mother, Joanie, and his sister, Jannine. His mother works at C.U. Boulder but he did not know in what capacity.

* He came with two friends of his; Matt Akard who he described as his best friend and lived on Gray Court in Arvada, and Matt Nalty who he described as a good friend who lives in Broomfield and drove the three of them to the scene in his white car, unknown model.

* When asked what he was doing this date from the time he woke up, he said he had stayed the night at Matt Akard's home. They woke up around 10:00 a.m. and Matt Nalty called over there around 10:30 a.m. They had all planned on going to a concert in Littleton for a band called, "Drop kick Murphy."

* He needed cigarettes so they all met over at his house. While there, the news of the shooting was on television. He said his sister was watching the television and they talked about his sister's ex-boyfriend named Anson who attended Columbine High. They wondered if he was okay so they decided to drive into the area and see what was going on.

* He said they approached some cops to ask questions then the cops took them into custody with weapons drawn.

Mr. Brunetti then was taken by another van where a GSR kit was completed. The three young men were then released and told to leave the scene.

Mr. Brunetti was extremely cooperative and said he understood what was going on due to the seriousness of the situation.

Within the next few days I received a call from Mr. Brunetti saying that the cops were following him and he wanted some kind of written statement that he and his friends were no longer suspects. I also received a message to call Matt Nalty who also was saying he wanted to be officially cleared. I made no follow-up calls to Mr. Nalty.

This concluded my involvement with Mr. Brunetti.

Through interviews with subjects Matthew Akard, James Brunetti and Matthew Nalty, Investigator Eaton was aware that the three subjects were to be on the Sally Jesse Raphael Show at approximately 1300 hours on April 30, 1999. Investigator Eaton had been made aware by Nalty that he and the other two subjects had taped the show on Tuesday, April 27, 1999, while in New York City at Sally Jesse Raphael's studios. Nalty advised Investigator Eaton that they had been asked to be on Sally Jesse Raphael's show due to the fact that they had made national news when arrested in Clement Park near Columbine High School on Tuesday, April 20, 1999.

Investigator Eaton had done several interviews with the three subjects and had an interest in viewing this show in order to determine if they made any statements contradictory to the statements made to police.

Federal Bureau of Investigation Special Agent Gary Gomez recorded the show at the FBI Offices at the request of Investigator Eaton and turned the VHS tape of the show over to Investigator Eaton on April 30, 1999 at approximately 1500 hours.

Investigator Eaton has reviewed the tape of the entire Sally Jesse Raphael Show from Friday, April 30, 1999 on several occasions. Investigator Eaton paid particular attention to the interviews with Akard, Brunetti and Nalty. It should be noted that the first person interviewed on the show this date was Columbine High School student Brian Anderson. Following Anderson were Akard, Brunetti and Nalty. Following the three subjects of Investigator Eaton's interest was another Columbine High School student John Ungerland. The final guests on the show this date were a male and female who dressed in gothic type clothing and discussed the gothic movement in the Denver, Colorado area.

Akard, Brunetti and Nalty discussed what had taken place on Tuesday, April 20, 1999. All three discussed their reasons for going to the area of Columbine High School and their arrest/detention which followed and their contact with the police. Investigator Eaton noted that there were no statements made by the three which were contradictory to the statements made to police. The three discussed their reason for going to the area of Columbine High School and their reasons for dressing the way they did. It should be noted that the three were dressed in some of their "punk" style clothing worn the date of their arrest and worn on the Sally Jesse Raphael Show.

Investigator Eaton will turn over the video cassette copy of the April 30, 1999 Sally Jesse Raphael Show over to the Jefferson County Sheriff's Office detectives in charge of this investigation.

CONTROL #1097

On April 27, 1999, Inv. Duane Eaton of the Arvada Police Department was assigned investigative lead #1097. The source of information was Duncan Page, whose affiliation was listed as Psycho-Therapist, Denver. Also listed was a telephone number of 303-756-1693. The narrative portion of the information control sheet advised that the caller, Duncan Page, had a client, who in turn has a teen daughter who goes to Arvada High School. The narrative portion advised that the client's daughter could supposedly identify two of the males in the TCM picture as students at Arvada High School. The client supposedly advised Page that the two males from Arvada High School who are "Trench Coat Mafia" members had been at Columbine High School on the morning of April 20, 1999. Inv. Eaton was assigned the task of contacting Duncan Page for anymore information on the client and possibly, to identify the two males who attend Arvada High School, who were supposedly at Columbine High School on April 20, 1999.

On April 30, 1999 at approximately 1600 hours, Inv. Eaton was able to make telephone contact with Page. Page advised Inv. Eaton that he is a psycho-therapist in the Denver area. He advised that a client whom he refused to identify has a daughter whom he refused to identify who attends Arvada Senior High School. He advised that the daughter was once involved in the Gothic movement in the Denver Metro area. Page advised that the client advised that her daughter had observed pictures in one of the local newspapers of persons she believed to be fellow students at Arvada Senior High School.

Page advised that his client's daughter refuses to call the police with the information she has in the belief that it is nothing significant and will not assist in the investigation at Columbine High School. Page advised Inv. Eaton that he would attempt to have his client convince her daughter to come forward and speak with the police through Inv. Eaton.

As of Tuesday, May 11, 1999, Inv. Eaton has not been contacted by Page or the client's daughter, with any information. Inv. Eaton did contact Arvada Police Officer Barry Malloy who is the School Resource Officer at Arvada Senior High School, in Arvada, CO. Inv. Eaton advised Officer Malloy of the information included in this investigative lead. Officer Malloy advised Inv. Eaton that he did not recognize any of the persons in any newspaper photographs as those of students attending Arvada Senior High School. Officer Malloy also advised that he has not been contacted by any current or former students or any school staff as having recognized any persons in the newspaper photographs as students at Arvada Senior High School.

It is Inv. Eaton's opinion that Page's client's daughter may

have viewed photographs of the three male subjects contacted in Clement Park near Columbine High School. Said subjects were contacted during the initial investigation, detained and later released. Inv. Eaton has identified those subjects as Matthew Akard, James Brunetti, and Matthew Nalty. The daughter's statements to her mother may have become confused as they were passed on to Page and Inv. Eaton believes that the daughter may very well have been talking about Nalty, Akard, and Brunetti and aware of them as students in the Arvada area, though they had not attended Arvada Senior High School. Akard, Brunetti and Nalty, though not attending Arvada Senior High School, have numerous friends at Arvada Senior High School and often socialize in the area of Arvada Senior High School and may have been confused as students at Arvada Senior High School.

Inv. Eaton will not be conducting any more investigations concerning this investigative lead unless he otherwise hears back from Page or the client's daughter.

INVESTIGATION

On 082199 I attempted to contact Cory Campbell with negative results. I did telephonically interviewed Camille Campbell, the sister of Cory Campbell. Camille is a student at Chatfield High School. I asked Camille if she was the only sister of Cory, she replied yes.
I asked Camille if she had friends that attended Columbine High School. She replied in the affirmative. I asked Camille if any of her friends that attend or have attended CHS have ever said anything to her about seeing four shooters, or if they saw two shooters discard their trench coats and flee into the crowd on April 20 1999. Camille replied by saying, "I don't remember any of my friends from CHS ever telling me anything like that." I asked her if she had ever heard anybody else say things similar to this, and she replied, no. Camille did not recall any conversations that she had with her sister over this incident.

INVESTIGATION:

On 05-24-99, at about 3:55 p.m., I interviewed Eric Carline as follow up on DN3670. The interview was conducted at Eric's home.

Eric told me that on 04-16-99, at about 5:00 p.m., he was inside his home when he heard the sound of gunshots coming from behind his home. Eric said that he walked out onto his back deck to ascertain where the gunshots were coming from. Upon doing so, he discovered they were coming from below a hill, directly behind his home. Although he didn't see the shooter(s), Eric said that he was somewhat angry in that whoever was shooting apparently didn't realize they were in such close proximity to his and other nearby homes. Eric said that he then yelled a few times from his deck for the shooter(s) to "Knock it off," assuming that they would hear him, quit shooting, and go away. Eric said that despite his yelling, the shooting continued and he then called the Jefferson County Sheriff's Office to report it. Eric said that shortly after making this call, the shooting stopped. Eric said that he didn't think anything of this at the time. He said that two or three times a year, he hears gunshots from people who shoot along the Deer Creek Canyon roadside, and assumed this was simply another such incident.

Eric told me that on 04-20-99, the day of the Columbine shooting, he arrived home from work earlier than usual (around 3:30

p.m.) and began walking his dog in the neighborhood. While retrieving his mail, Eric said he ran into a new neighbor, Bria with whom he works at Lockheed Martin but hadn't seen for several years. Eric said that the two of them then began discussir media accounts of the events that occurred at Columbine, and also the presence of police and news media in their neighborhoc [redacted] Eric said neither he nor Brian knew at that time why the police were in th neighborhood. Eric said later that night, while watching television at his home, a member of the newspaper media knocke on his door and asked him if he knew anything about the Klebold's. Eric told him that he didn't, and that he had no desire talk to reporters. Eric said this person then left without further incident. Eric said that he returned to watching televise coverage of the Columbine shooting, during which he then learned why the police and news media were in his neighborhoo

Eric said that that night, he began thinking about the Columbine shootings, [redacted] and the possibili that the gunshots he had heard the previous Saturday may somehow be connected. Accordingly, Eric said that the next morni (04-21-99), he telephoned the Jefferson County Sheriff's Office and left a message to that effect with Investigations Sergea Sandy West. Later in the day (around 3:00 p.m.), while on a job at Buckley Air Force Base, Eric said that he again telephon the Sheriff's Office and spoke with one of the Investigations secretaries. Again, Eric reported the gunshots he had heard 04-16-99 and the possible link with the Columbine shooters. Eric said that the secretary told him she would pass th information on to the appropriate investigators. Eric said that he never heard back from anyone from the Sheriff's office, a that he never called back because he assumed the investigators were busy and he didn't want to be a "pest."

Eric said that on 04-26-99, at about 7:20 p.m., he was on his back deck and noticed a yellow, older model pickup truck, w a white camper shell, parked approximately 75 yards east, along Deer Creek Canyon Road, of where he had heard the gunsh on 04-16-99. Upon closer observation (with binoculars), Eric said he saw a person walking in and around the bushes near t truck. Eric said that it appeared this individual was looking for something. At first, Eric said that he assumed it was investigator following up on what he had reported. Eric said that he became curious, and walked down to where this truck a individual were. Eric said that as he approached this individual, he realized it wasn't an investigator. Eric said that t individual, whom he described as a white male, late 20's to early 30's, shoulder length brown hair, was walking in and arou the bushes and appeared to be intently looking for something. Eric said that he said something like, "nice evening for a wa

huh?" to this individual, who didn't acknowledge him. Eric said that because this individual didn't seem too friendly, continued walking past him, toward the creek. Eric said that as he walked past the truck, which he described as 10-15 yea old, he noted the license plate: Colorado 20395YS. Eric said that he then left that area and returned home. Later in the evenir Eric said that he checked the area again and that this individual had left. Eric thinks this individual may have been looking f spent shells.

Prior to concluding the interview, Eric took me to the two areas along Deer Creek Canyon Road he had pointed out. The ar where he heard the shooting coming from is a dirt shoulder on the south side of Deer Creek Canyon Road, approximately 1 yards [redacted] The area where he saw the individual and yellow truck is also on the south side of Deer Cre Canyon Road, on a dirt shoulder / circle drive, about 75 yards west of Cougar Road. The interview concluded at about 4: p.m.

INVESTIGATION:

At 1630 hours, I contacted Drew Cassidy by telephone in reference to a Murder in the First Degree that occurred at Columbine High School on 4-20-99

During our conversation, Drew stated that about 1000 hours that day he was sitting on the front porch of his house. He told me that a light blue compact car, which he believed was a two door, drove westbound past his residence. He stated that they were going a "little" above the speed limit. He stated that the windows were down. I asked him how many people were in the vehicle, and he stated that there were four males in the car. He stated they all were wearing black clothing. I asked him what color hair they had, and he stated all he can remember was that one or two of them had brown hair. I asked him about the driver's hair color, and he stated that he could not remember. I asked him if they said anything as they drove by or if they noticed him. He informed me that they did not see him, but they were yelling a different language. I asked him if that could have been the radio playing in the car, and he stated no they were yelling.

I asked him if they had anything in their hands or hanging out of the car. He stated that the guy in the right rear passenger seat had something in his left hand, but it might have been the seat belt from the front seat. I asked him if he noticed anything else about the car and asked him if it had a sunroof, and he stated that he believed it did not. I asked him how far away was the

Jefferson County Sheriff's Department /99-7625

Control #1506 (Associated to control numbers 1049, 1050, 1107 and 2008)

On April 28, 1999 Investigator Duane Eaton of the Arvada Police Department was assigned leads from information control sheets 1506 and 2008. Lead sheet control #1506 listed the source of the information as Cork Chicota. The person taking this information was Jefferson County Sheriff's Department Investigations Division secretary Judy Searle. Said information had been taken on April 26, 1999 at approximately 0900 hours. The narrative portion of the lead sheet advised that Chicota had talked to three males in Clement Park approximately five minutes before they were arrested. This would have been following the homicides at Columbine High School.

The source of the information on lead sheet control #2008 was Rick Young of the Littleton Fire Department. In the narrative portion of lead sheet #2008 Young advised he had received information from Chicota that Chicota had observed three males dressed in military attire in Clement Park at approximately 1200 hours. Young also advised in the narrative portion of this lead sheet that Chicota claimed to have spoken with the three males.

Investigator Eaton was assigned the task of contacting Chicota and interviewing reference his contact with the three males in Clement Park.

On April 30, 1999 at approximately 1435 hours, Investigator Eaton was able to make telephone contact with Chicota. Chicota advised Investigator Eaton that on Tuesday, April 20, 1999 he was in the area of a series of medical buildings located on the east side of Wadsworth and south of Bowles Avenue. He advised these buildings backed up to Clement Park. Chicota advised that the job he was on in this area was at the medical building #2. Chicota advised that shortly before responding to this location he had been in his office nearby and heard about the incident at Columbine High School. Chicota advised with this information in mind he walked into the park area and walked up on top of a mound of dirt with his binoculars in an attempt to see any activity taking place at or near Columbine High School.

Chicota advised that while standing on top of the mound of dirt three males approached him and began speaking with him. He advised the males had parked behind an Einstein bagel shop and he had first noticed them exiting their vehicle because of the clothing they were wearing. He advised their clothing was military in appearance. Chicota advised he could not recall specifically what the three males were wearing but that it only reminded him of military gear.

Chicota advised Investigator Eaton that as the three subjects walked up onto the mound of dirt near him he acknowledged their presence and said hello. Chicota advised the three males told him they had come to the area in an attempt to see what was going at Columbine High School. He advised they told him they were going to take a walk over towards the school. Chicota advised the three males also told him that they had friends over at the school and wanted to help them. Chicota advised Investigator Eaton he asked the three if their friends at the school were students. Chicota advised that the three males then told him, "Yeah they go to school there."

Chicota advised Investigator Eaton he asked the three males why they weren't in school and if they were also students at Columbine High School. Chicota advised the males told him they were all students at Wheat Ridge High School and not Columbine High School. Chicota advised the subject he described as tall with bad teeth then told him that he used to go to school at Columbine High School.

Chicota advised Investigator Eaton that the three males told him that they communicate with their friends often and knew that something bad was going to happen at Columbine High School. Chicota advised he made a comment to the three about how terrible it was what was taking place at the high school. Chicota stated that the subject who he described as being short, quiet and wearing Ray Ban sunglasses said, "Yeah but they're getting even."

Chicota advised Investigator Eaton he had talked with the three males for approximately three minutes. He advised he began to realize that when talking about their friends the three males might have in fact been discussing the shooters instead of the victims at Columbine High School. Chicota advised Investigator Eaton he then began to ask the three more detailed questions about their purpose for being in the area and they began to back off on their statements to him. He advised the three then wandered off into Clement Park walking towards Columbine High School.

Chicota advised Investigator Eaton he did not notice any weapons or anything else suspicious about the males except for their statements.

From Chicota's description of the subjects that he had spoken with in Clement Park and from statements taken previously by Investigator Eaton from subjects Matthew Nalty, James Brunetti and Matthew Akard, that the three subjects Chicota had spoken with and the three subjects previously mentioned by Investigator Eaton were in all likelihood all one and the same. In previous interviews with Nalty, Brunetti and Akard, all three subjects advised Investigator Eaton that they had spoken with a male on a mound of dirt on the west side of the lake in Clement Park. The three subjects advised Investigator Eaton they had only asked the male if

he was aware of what was taking place over at the school and if he had been able to observe any of the activity. They advised Investigator Eaton that when this male could not provide any information they then decided to get closer to the school in the hopes of either seeing some of the activity or speaking with other persons aware of what was taking place. All three subjects deny making any statements to any persons that they were friends of the suspects and were on their way to Columbine High School to help the suspects.

On Wednesday, May 5, 1999 at approximately 1235 hours, Investigator Eaton once again spoke with James Brunetti on the telephone. Investigator Eaton asked Brunetti specific questions about his, Nalty's and Akard;s contact with Chicota in Clement Park. Investigator Eaton asked Brunetti if he recalled making contact with and speaking with a male on a dirt mound who had binoculars and was attempted to view the school with the binoculars. Brunetti advised Investigator Eaton that he recalled making contact with that male. Investigator Eaton asked Brunetti to explain once again to Investigator Eaton any conversations they may have had with the male whom Investigator Eaton has identified as Chicota. Brunetti advised Investigator Eaton that the three of them asked the male if he was able to see what was taking place at the school but that the male advised them he didn't know because he couldn't see much from his location. Investigator Eaton asked Brunetti if he or the others had advised the male that they had friends at the school, either suspects or victims. Brunetti advised Investigator Eaton they didn't discuss anything else with the male except for questioning him about the activity at the school. Investigator Eaton asked Brunetti if he or the other two had told the male on the dirt mound if they had previous knowledge of what was going to take place due to communications on the Internet with friends. Brunetti once again denied making any such statements. It should be noted that Brunetti advised Investigator Eaton that he and Nalty had spent the previous two days in New York City taping a second show for Sally Jesse Raphael, a television talk show host. He advised that while there he and Nalty took a polygraph and they were attempting to get the results and questions and answers asked to Investigator Eaton as soon as possible.

Also on this date, Investigator Eaton had telephone contact with Matthew Nalty. Nalty confirmed that he and Brunetti had been in New York City taping a second show for Sally Jesse Raphael. He did advised the two of them took a polygraph at the request of the Sally Jesse Raphael show. Nalty advised the polygraph was given by Michael Martin of Priority Investigations at 553 Main Street, Stroudsburg, PA 81360/TX:1-800-545-1112. Nalty advised Investigator Eaton he would attempt contact with Michael Martin as soon as possible and have their test results back to Investigator Eaton at the Arvada Police Department.

The following supplement will be in reference to Arvada Police Department CR#99- 12067 that will correspond with the Jefferson County Sheriff's Department CR#99-7625 in relation to the mass shootings/murders at Columbine High School on 04/20/99. IO (Det. Jim Vonderohe) is a member of the task force assigned to investigate this tragedy at Columbine High School and, therefore, is assigned leads regarding follow up investigation. This supplemental report will be in reference to lead control #3861, which stated that a former Columbine High School student, identified as Michael Chlebik, was observed outside of Columbine High School a few weeks after the shooting had occurred. Additional information in this lead indicated that Michael Chlebik was expelled from Columbine High School in 1997 and was a part of the "Trench Coat Mafia" organization. He is further described in the lead sheet as being very volatile and one who always wears Army fatigues.

On 05/20/99, IO telephoned the residence of Michael Chlebik, telephone number 303- 730-3948 and contacted his mother. She identified herself as being Ronnie Lynn Thompson who resided at 5361 S. Federal ~~Circle,~~ #R107, Littleton, CO 80123. She stated that her date of birth was 01/28/60, and her social security number was 550-23-2401. She stated that she is employed at the Live Rock Pile Bar, located at 5151 S. Federal Blvd., in Littleton, telephone number 303- 795-1081.

After advising Ronnie Thompson of IO's reason for contacting her residence, she stated that her son, Michael Chlebik, did enroll at Columbine High School in the fall of 1998, but dropped out of his junior year during that same year. She stated that he is presently starting to obtain his GED through "Arapahoe/Douglas Works" which is an alternative school and one that allows the student to obtain a GED.

Ronnie Thompson stated that her son, Mike, told her in 1998, while he was attending Columbine High School, that he was approached by members of a group identifying themselves as a "Green Berets." Ronnie Thompson stated that this group was known by this name prior to the group adopting the moniker of the "Trench Coat Mafia." She stated that Eric Harris and others approached her son and asked him to hang out with them since he would get along better with them than with any other group at the school. She stated that the reason that her son was approached initially was because he has worn a long black trench coat for the past five years. She further stated that some of the guys in the "Green Beret" group did wear green berets, but that her son never did.

Ronnie Thompson stated that her son, Mike, was mad and very offended that Eric Harris had asked him to join this group because it was common knowledge amongst the students at the school that Eric Harris was "gay." Ronnie Thompson stated that her son told Eric Harris that he would not join their group, at which time, he

was never bothered by them again. She stated that she personally has never heard about Eric Harris again until the shootings occurred at the school.

Ronnie Thompson indicated to IO that it was her opinion that Columbine High School was "preppy" and "jock orientated." She stated that her son, Mike, and her daughter, Devan Chlebik, were not "main stream students" and therefore, had nothing in common with the other "preppy" or "jock orientated students." She stated that Devan Chelbic was a sophomore at Columbine High School, but that she (Ronnie Thompson) pulled her out of school in January of 1999. She stated that her daughter, Devan, is now attending Arapahoe/Douglas Works that is an alternative educational program.

Ronnie Thompson further advised IO that both her son and daughter have been to the hospital several times in order to visit with Richard Castaldo, one of the shooting victims on several occasions. She further stated that her daughter, Devan, also knew one of the shooting victims identified as Isaiah Shoels.

Ronnie Thompson indicated to IO that her son, Mike, has been to Columbine High School during the last several weeks. She stated that approximately 7 to 10 days ago, he was walking in front of the school with two friends, identified as Stephanie Wagner and her boyfriend, Jesse Evans, both who are students at Columbine High School. She stated that a truck driver got mad at her son when he was walking across the street while the truck driver was driving down the street, at which time a verbal altercation occurred. She stated that a Jefferson County Deputy came over to the scene and became very rude towards her son, due to his appearance in clothing and hair style. She further stated that Stephanie and Jesse are good friends of her son and that he visits them frequently, with them residing near Columbine High School. She further advised IO that her son does wear some black clothing, but does not wear his black trench coat anymore, since this incident occurred on 04/20/99.

Ronnie Thompson advised IO that on 04/20/99, she heard about the shooting incident at Columbine High School on the news media shortly after this incident began and before twelve o'clock. She stated that her second cousin called Mike at home upon her (Ronnie Thompson's) orders in order to tell him not to go anywhere until she got there because she was afraid that he would run over to Columbine High School once he knew what was taking place there. Ronnie Thompson stated that when her cousin called over to the residence, Mike was asleep at that time. Ronnie Thompson advised IO that her son did see Jesse Evans and Stephanie Wagner on television that afternoon when he was watching this incident unfold. She stated that her son, Mike, did rush over to Columbine High School and that later that afternoon, he along with some of the other kids, came back to their house during the mid afternoon hours while the SWAT Team was still inside the school.

At this time, IO spoke with Michael D. Chlebik, DOB: 03/25/81, on the telephone, with him advising IO that his physical description at this time shows him to have a Mohawk and would describe himself as being a "punk rock" person. He further stated that he also wears spike studs and Army green khaki pants.

In discussing the matter of him being invited into the group formerly known as the Green Berets and presently known as the "Trench Coat Mafia," he indicated that he is unsure if Eric Harris personally was one of the members who invited him to join this group. He further advised IO that this group later became known as the "Trench Coat Mafia" and that at times, they would get into his face about not joining them, but that he would stand up to them and tell them that he would not become a member of their group. He further stated that he had heard through the rumor mill at school, that the members of this "Trench Coat Mafia" were gay or homosexual and that they would grope each other in the hallways, which he did not personally care for.

Mike Chlebik advised IO that he dropped out of Columbine High School before the beginning of 1999. He further stated that he personally did not know Dylan Klebold or Eric Harris. He also stated that he has not heard any rumors as to who else might be involved in this shooting and killing tragedy. He further indicated to IO that he did not have any knowledge that Eric Harris and Dylan Klebold or any other "Trench Coat Mafia" member or associate were involved in the manufacturing or making of any explosives or pipe bombs.

With Michael Chlebik being unable to add any additional information, the interview was concluded at this time.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 5/12/99

On 5/12/99, Laura Chlumsky, DOB 12/6/54, 6516 South Saulsbury Court, Littleton, Colorado was advised of the identity of the interviewing Agent, and the nature and purpose of the interview. She provided the following information.

On 4/20/99, Mrs. Chlumsky was in her yard working at approximately 11:15-11:20 a.m. when she heard what she believed to be gun shots in the vicinity of the high school. She called a neighbor and told her what she thought was going on, and told the neighbor that she was going to drive to the school to see what was happening. She drove toward the school on Pierce, only to find it blocked off by law enforcement. She then drove around the general area in the neighborhood. At approximately 11:40 a.m. she noticed a young man standing on the corner of Hoover and Teller Avenues. She thought that this boy was probably a Columbine student. She asked the boy if he knew what was going on at the high school, and he responded "I think I do, but I don't want to say". She told the boy that if he knew anything, he should immediately report it to the authorities. He responded that he knew that he should. She told him that there had been shots fired at the high school, whereby the boy placed his face in his hands and said in a distressed tone, "Oh my God, no"!! Mrs. Chlumsky stated that her of impression of his reaction was one of disbelief or remorse as if he knew what was happening at the school, versus one of a shocked reaction or surprised. Mrs. Chlumsky told the boy that he needed to report what he knew to the authorities. There was alot of vehicle traffic in this vicinity, and about at that time, Mrs. Chlumsky's daughter pulled up with her friend, Marcie Visnic. Her daughter briefly talked to her, and told her that the boy she was talking to was Brooks Brown. Mrs. Chlumsky stated that her daughter saw Brooks get into a sport utility vehicle at this intersection, and drive away. Mrs. Chlumsky later saw a newscast with Brooks Brown on it, and confirmed that this was the same boy she had talked to at the intersection of Hoover and Teller Avenues.

CONTROL #2063

On May 19, 1999, Investigator Duane Eaton of the Arvada Police Department was assigned investigative lead #2063. The source of the information listed on the information control sheet was Chris Tomford of the Jefferson County Sheriff's Office. The narrative portion of the form advised that Mike Heylin of the Jefferson County District Attorney's Office was requesting a reinterview of Dannon Cowgill to elaborate on statements made on a Denver Police Department witness statement form. Cowgill advised a Denver police officer that he had observed one of the suspects near the front door of Columbine High School. Investigator Eaton was assigned the task of contacting and interviewing Dannon Cowgill about his observations while driving southbound on Pierce Street.

On Friday, May 21, 1999 at approximately 1000 hours, Investigator Eaton was able to make telephone contact with Cowgill. Cowgill identified himself as Dannon Ole Cowgill (DOB 03/24/79), 4660 South Vivian Street, Morrison, Colorado, 80465, telephone 303-972-0057. Cowgill is employed by Walmart at Quincy and Wadsworth in Lakewood, Colorado. It should be noted that attached to the information control sheet was a yellow Denver Police Department witness statement form with a one paragraph statement from Cowgill as to what he had observed. Investigator Eaton advised Cowgill that he had the witness statement form but wished to have Cowgill elaborate on the information he had written. Cowgill agreed to an interview with Investigator Eaton.

Cowgill advised Investigator Eaton that on Tuesday, April 20, 1999 at approximately 1135 hours, he was driving southbound on Pierce Street. Cowgill advised Investigator Eaton that he was driving a metallic blue colored Ford Ranger pickup truck. Cowgill advised that it was a warm day and he had his truck windows down. Cowgill advised that he heard an explosion and looked to his right towards Columbine High School as he was passing by. Cowgill advised Investigator Eaton that he observed numerous students exiting the school. CONTROL # 1379

On April 27, 1999 Investigator Eaton was assigned an information control lead sheet with control #1379. The source of the information on this lead sheet was a Ken Greenwalt, a health care security guard working out of the area of 6169 South Balsam Way, Littleton, Colorado. Greenwalt had reported to Jefferson County Sheriff's Office Deputy Brian Crooks that on the west side of Clement Park in the parking lot at 6169 South Balsam Way, he had observed three subjects exit a white Ford Aspire bearing Colorado license plate GCA9133 while the incident at Columbine High School on April 20, 1999 was taking place. Also assigned to Investigator Eaton was another lead bearing the same information though prepared by another individual.

On May 5, 1999 at approximately 1545 hours Investigator Eaton was able to make telephone contact with Greenwalt. Greenwalt advised Investigator Eaton that he worked for the security firm that was responsible for the Swedish Medical Center buildings in Littleton, Colorado. Greenwalt advised Investigator Eaton that on April 20, 1999 he was on the property and in the building and told by a nurse of three "scary looking" subjects in a back parking lot. Greenwalt advised Investigator Eaton that he went to the window and observed the three males exit the previously mentioned vehicle. He advised that the vehicle had "propaganda" stickers stuck all over it. Investigator Eaton has since learned that the stickers are punk band and punk life style stickers. Greenwalt advised Investigator Eaton that though he believed the subjects to be suspicious, they were not on the Swedish Medical property and therefore he did not contact them.

Greenwalt advised Investigator Eaton that he observed the three males stand on a small hill on the western edge of Clement Park before wandering further into the park. Greenwalt advised Investigator Eaton that he is unsure as to the time that the subjects arrived or entered the park but that he and others were watching the news as it pertained to Columbine High School.

Greenwalt advised Investigator Eaton that while inside the building watching television, he then observed the three subjects he had observed exit the Ford Aspire being arrested inside Clement Park. He advised that he witnessed the arrest via the television news.

Greenwalt advised Investigator Eaton that at a time later, a time he is unsure of, he observed the three subjects returning to the Ford Aspire. Greenwalt advised that he realized at this time the three subjects had been released from police custody. He advised that when they began to enter the vehicle, he observed all three raise their fists in the air and wave them towards the school

"as if they were happy about what happened."

Greenwalt advised Investigator Eaton that he had no further information and Investigator Eaton concluded the interview at approximately 1550 hours.

It should be noted that Investigator Eaton had Arvada Police dispatch personnel list the license plate number given by Greenwalt as GCA9133. Said license plate registered back to a 1997 Ford two door with a registered owner of Julie Nalty at 5579 W. 115th Avenue, Westminster, Colorado, 80020. It should be noted that Investigator Eaton has had contact with Julie Nalty and confirmed that she is in fact Matthew Nalty's mother and the owner of said vehicle. Matthew Nalty also confirmed for Investigator Eaton that the vehicle was in fact his mother's vehicle and driven by him. A printout of the teletype printout will be attached to this report.

GROSSMAN, CECILIA

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 06/02/1999

Cecilia Hicks Grossmann, DOB 06/21/1951, 3221 Shalimar Terrace, Pueblo, Colorado, telephone (719)562-9136, was telephonically interviewed by Special Agent(SA) Ricky V. Wright regarding the incident that took place on 04/20/1999 at Columbine High School. After being advised as to the identity of the interviewing agent and the nature of the interview, Grossmann provided the following information:

On 04/20/1999, at approximately 11:30 am, Grossmann went to the residence of Marilyn Taylor, 6526 South Teller Court, Littleton, Colorado, to pick up some items from Taylor. Grossmann was in the residence until approximately 11:40 am. As Taylor and Grossmann were walking to Grossmann's car, Brooks Brown ran up to the house and asked if he could use the telephone. Taylor went and retrieved her cordless phone from the house.

Brown was really nervous and related that he had just come from the school. Brown had met an ex-friend of his outside of the school. The ex-friend told Brown that he liked him and that he ought to leave the school. Brown thought this ex-friend was crazy and did not know what he was going to do. Brown's ex-friend just turned 18 years old and Brown thought that he was getting a gun for his birthday. Brown did not say how his ex-friend was going to get the gun. Brown did not say what the name of the ex-friend was. Brown said as he was getting away from the school, he heard some shots, but did not know what was happening. Brown wanted to call the Sheriff as well, but Taylor and Grossmann encouraged him to just call his parents. Brown was unable to contact his mother by telephone, but was able to reach his father. Brown made arrangements with his father to pick him up in the neighborhood near Taylor's house.

This was the first Taylor and Grossmann had heard of the shooting. Grossmann had driven by the school at approximately 11:25 am and had seen some students milling around outside, but did not know what was going on.

The following supplemental report will be in reference to Arvada Police Department CR#99-12067 that will correspond with Jefferson County Sheriff's Department CR#99-7625 regarding the Columbine High School shootings/murders that occurred on 04/20/99. IO, Det. Jim Vonderohe, is a member of the task force that was formed to investigate the Columbine High School murders and am, therefore, assigned leads that are generated as a result of this investigation. The following supplemental report will be in reference to lead control #4733, which is a spin off from lead control #4625 regarding the party identified as Ryan Guy, possibly having several acquaintances who either had prior knowledge of the Columbine incident occurring or details regarding the incident itself that were not known to the public at the time that these details were discussed on the night of 04/20/99.

On 06/24/99, IO contacted Ryan Guy by telephone, with him stating that his full name was Ryan Kelly Guy, DOB: 05/16/82. He stated that he resides at 7071 S. Eudora St., Littleton, CO 80122, telephone #303-770-4738. He further stated that he will be a senior this fall at Arapahoe High School and that at the present time, he has a summer job at Hollywood Video, 5150 E. Arapahoe Road, Littleton, CO, telephone #303-224-9556. In discussing with Ryan Guy, the contents of this lead and the general investigation into the Columbine High School incident, he advised IO that on 04/20/99, he was in class at Arapahoe High School when this incident occurred. He advised IO that he only knows one Columbine High School student and that person is a lacrosse player. Upon asking Ryan Guy his relationship with Steve Haynes, he stated that Haynes is a friend of his and he also will be a senior this fall at Arapahoe High School. He stated that Steve Haynes' home telephone number is 797-1411, and that he is unemployed at the present time during the summer time period. In asking Ryan Guy if Steve Haynes talked to him on the night of April 20, 1999, regarding the Columbine High School shootings/murders, Guy replied that he probably did talk to Steve Haynes on that evening. Upon giving that a little bit further thought, Ryan Guy stated that Steve Haynes did come over to his residence on the evening of 04/20/99 and that they only briefly talked about the Columbine High School incident with them asking each other why would anyone do such a thing.

IO then questioned Ryan Guy as to him knowing anybody who had the first name of Jeff. Ryan Guy stated that he is good friends with a party identified as Jeff Sherman, whose home telephone number is 303-779-8688. He stated that Jeff Sherman is working at a Target store during the summer months and will also be a senior at Arapahoe High School this fall. 04/20/99, Jeff Sherman was in a bus coming back from Vail, CO, where Sherman had attended a Future Business Leaders of America conference. He further stated that Jeff Sherman is a very hard worker and plays hockey and has never been in trouble before. He further stated that it is possible that Steve Haynes has been arrested before, but he was not sure of this.

SUMMARY:

05-21-99/Friday

Per information control sheet **#1789**, I contacted (W)Hall at her residence, regarding information she might have of possible suspect accomplices.

(W)Hall stated, that on the evening of 04-15-99 she was at Columbine High School, attending her daughters elementary school music program. The program, which was held in the gymnasium, ended at 8:30pm. Before leaving, her 10 year old daughter, Patricia needed to use the restroom. (W)Hall allowed Patricia and her 6th grade friend, Heather Hanson, to go to the restroom alone. The children used the restrooms near the cafeteria, returned and they left the school.

On 04-20-99, after the shootings, they were watching media reports of the event. Her daughter observed a photo of Dylan Klebold on T.V. and advised (W)Hall she had seen him in the school the night of the music program. (W)Hall stated, her daughter described how Klebold had a goatee and was standing with two other males. They were all dressed in black, no trench coats, and had heavy chains around their necks. The trio were standing near the top of the stairs, above the cafeteria and were not causing any trouble, although

according to her daughter, they were very scary looking.

After learning of the information, (W)Hall stated, she contacted Heather Hanson's mother. She was not sure if Heather had also seen the individuals, and stated Heather had an older brother so the males may not of left as big of impression on her

I also completed lead sheets and interviewed Patricia Hall and Heather Hanson, separately.
